DAD TO SAIL SEVEN SEAS WITH SEVEN SONS—A special order waiving the age limit enabled Clarence Patten, 52, Washington farmer, to join up and serve with his seven sons in Uncle Sam's fleet. Sworn aboard the U.S.S. Nevada, upon which his sons already were stationed, he joined them as a member of the crew. Left to right, foreground, Bruce, Clarence Patten Sr., and Marvin. Standing, Clarence Jr., Ted, Allen, Gilbert and Ray.

Final Bulletins

U.S.-Owned Ship Torpedoed

WASHINGTON (AP)—The State Department announced today that the American-owned steamship Montana, flying the Panamanian flag, had been torpedoed and sunk while en route from the United States to Iceland. All 26 members of the crew are believed to have been saved. None was American.

The message from the navy, received at noon today, said the Montana was observed by air craft to be torpedoed at latitude 63 degrees, 40 minutes north and longitude 35 degrees 50 minutes west, September 11.

The crew of 26 included 18 Danes, 5 Norwegians, 1 Greek, 1 Belgian and 1 Spaniard.

Sees More Control
WINNIPEG (CP)—Finance Minister Isley said today powerful forces are in operation which, if uncontrolled, will make for an inflationary rise in the price level.

"As I see the situation now, we are going to have to exert far more direct control, far more strict control over prices than has been exerted up to date."

Canada to Play Part

TORONTO (CP)—Dr. Enrique Gill of Buenos Aires, vice-president of the Argentine and Inter-American bar Associations, told the Canadian bar Association today "Canada's collaboration in the American system will insure the building up of the new civilization, that civilization which is to be America's contribution to the world's progress."

NAZI CONVOY HIT

LONDON (CP)—The R.A.F. attacked a German convoy off the Netherlands coast this afternoon and set on fire one of the larger ships, the Air Ministry announced tonight.

Broken Heart Causes Suicide

LONDON (AP)—The ashes of Mrs. Louisa Pennington-Bickford, widow of the rector of St. Clement Danes, were placed beside those of her husband today beneath the bomb-burned altar of their famous church.

According to evidence presented at an inquest, the widow, 76, threw herself from the window of a children's holiday home last Monday, dying, like her husband, of a broken heart.

Parishioners said the rector's death in June was due to the fact bombs finally ruined his beloved church in a raid in May. The church, designed by Sir Christopher Wren in 1681, was a landmark in the centre of the Strand.

No Quick Decision

MOSCOW (AP)—The battle for Leningrad "has assumed such a character and such dimensions that the German cannot conduct it long," S. A. Lozovsky, vice-foreign commissar, said tonight.

"The Germans want a quick decision but cannot obtain it," he said.

"The fierce unprecedented struggle going on in the approaches to Leningrad has resulted in German losses greater than ever before," he said.

Kent in Newfoundland

ST. JOHN'S, Nfld. (CP)—The Duke of Kent reached Newfoundland by air today from Canada for a visit that was twice postponed because of unfavorable flying conditions.

Local Soldier Dies

VANCOUVER (CP)—L. Cpl. L. P. Gordy, attached to an army unit at Work Point Barracks, Victoria, died last night shortly after he was found unconscious in a gas-filled room. Gordy, on leave from his unit, had been staying at the home of his mother.

INVESTIGATION

BOGOTA, Colombia (AP)—President Roosevelt's assertion in his speech that secret landing fields had been discovered in Colombia within range of the Panama Canal brought a Colombian government announcement today that investigation of properties owned by German Nationals is under way.

To Bracket Freetown

VICHY (AP)—The Vichy government announced tonight work is being rushed to transform Abidjan on Africa's Ivory coast into "one of the most secure natural harbors in the world." With the base at Dakar, Senegal, it will bracket the strategic British port of Freetown.

German Actions to Determine When U.S. Starts Shooting War

Canadian and Associated Press U.S. State Secretary Hull in Washington indicated today Germany's actions will determine what areas the United States will consider "defensive waters" in which American warships will shoot first in their patrols to defend shipping against Axis attacks.

In Berlin the German high command countered President Roosevelt's no-trespass speech with the claim that U-boats have sunk at least 22 ships out of a convoy bound for Great Britain, and an authorized spokesman later declared: "All Roosevelt's contentions are lies."

Many quarters in Berlin took the Nazis' claimed U-boat attack as an answer to President Roosevelt.

A Nazi spokesman later asserted, however, that the President's reference to freedom of the seas was "the peak of hypocrisy," and declared that he must bear responsibility "for all consequences."

The spokesman who gave Germany's first official Roosevelt reaction contended that the President's order to fire on general craft had been issued months ago. "What has happened now?" he was asked.

BOASTS

"Not Mr. Roosevelt, but we will determine that," he retorted. The President's statement that a submarine had followed a United States battleship last July, he called a "pure invention."

In blunt, uncompromising language President Roosevelt barred vast reaches of the seas to "rattle-

sake" raiders of the Rome-Berlin Axis, and backed up the order with the guns of the United States navy.

Foes of the administration's policies immediately chorused this constituted "an unauthorized declaration of war," "an engraved invitation to trouble."

But there was no disagreement as to what the President meant. His instructions to the fleet, effective at once, were specific—strike first without waiting whenever Axis raiders be encountered hereafter in the "defensive waters" of the United States.

Although the White House had promised the speech would leave no questions unanswered, it contained only the vaguest indication of what parts of the sea were held to constitute "defensive waters." Moreover, it made no mention of any decision to seek repeal of the Neutrality Act, and was silent on the subject of the third Axis power, Japan—a silence some thought was significant.

In Rome, the Fascist editor Virginio Gayda, often Mussolini's spokesman, declared Italian and German warships, exposed now to "deliberate aggressive action of American warships," must attack in self-defence if they cannot escape.

The paper said the Germans undoubtedly would reply by charging Mr. Roosevelt "with all the crimes in the calendar. . . . But they will not deter him from his purpose which is now clearly revealed as full support by the American fleet of the British navy, an invincible protection of the sea route between the U.S.A. and Britain. . . . The President has spoken. We await Hitler's reply."

HALIFAX

Viscount Halifax, British ambassador to the United States, said in Britain, said the President's speech was "the most practical example of the help in practical form that the United States is prepared to give us and those fighting with us."

Bloody Setbacks For Nazi Legions

By Associated Press

Moscow reports told today of bloody setbacks for Hitler's invading legions on the central Soviet front.

The Germans lost today their last chance to equal Napoleon's 1812 schedule of 83 days for the Warsaw-to-Moscow push.

The Red Army newspaper, Red Star, asserted Nazis were being driven westward toward Smolensk at the rate of from 7 to 10 miles a day.

In Berlin the German high command acknowledged German forces on the Russian front are encountering bad weather and difficult terrain but claimed operations are "progressing well."

On the southern front, the Russians reported counter-attacking Red troops had crossed the lower Dnieper River at four points, captured an island and two villages, and inflicted heavy losses on the Nazi invaders.

The 47th German tank corps and associated artillery and infantry units were declared by the Soviet Information Bureau to have suffered heavy losses in Soviet pincer operations modelled upon the Nazi pattern, with 2,500 of the invaders reported killed in a single engagement.

Berlin military spokesmen expressed belief the German high command soon would announce "victories" in the battle-torn middle sector and along the southern front as well.

Strike Ties Up Army Production

OSHAWA, Ont. (CP)—Production of military units at General Motors Corporation of Canada plant here came to a standstill during the night because of the strike of employees of McKinnon Industries Ltd., at St. Catharines.

General Motors officials said today.

In St. Catharines pickets, in good humor and singing, maintained an uninterrupted march around the McKinnon plant, but there was no report from either side of negotiations towards settlement of the strike.

Sam Browne Belt Comes Back

OTTAWA (CP)—The Sam Browne belt, traditional insignia of British officers which was dropped from the Canadian army uniform at the outbreak of war, is coming back.

Routine orders signed by Victor Sifton, master-general of the ordinance, said today the leather belt will be worn with a brace over the right shoulder. Previously the shoulder brace was worn only when a revolver was carried.

Riviera Raided

VICHY, France (AP)—A plane claimed by the Vichy press to have been British raided the airport near the French Riviera resort town of Cannes early yesterday.

snake" raiders of the Rome-Berlin Axis, and backed up the order with the guns of the United States navy.

Foes of the administration's policies immediately chorused this constituted "an unauthorized declaration of war," "an engraved invitation to trouble."

But there was no disagreement as to what the President meant. His instructions to the fleet, effective at once, were specific—strike first without waiting whenever Axis raiders be encountered hereafter in the "defensive waters" of the United States.

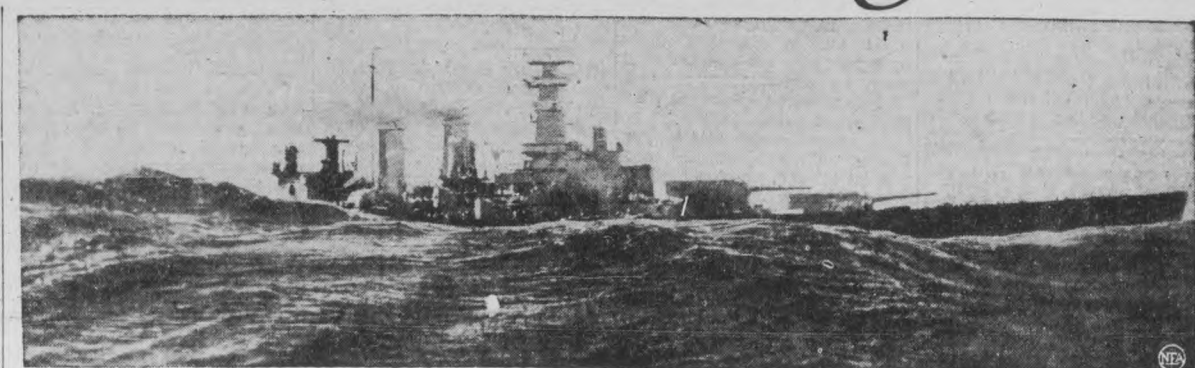

Although the White House had promised the speech would leave no questions unanswered, it contained only the vaguest indication of what parts of the sea were held to constitute "defensive waters." Moreover, it made no mention of any decision to seek repeal of the Neutrality Act, and was silent on the subject of the third Axis power, Japan—a silence some thought was significant.

In Rome, the Fascist editor Virginio Gayda, often Mussolini's spokesman, declared Italian and German warships, exposed now to "deliberate aggressive action of American warships," must attack in self-defence if they cannot escape.

The paper said the Germans undoubtedly would reply by charging Mr. Roosevelt "with all the crimes in the calendar. . . . But they will not deter him from his purpose which is now clearly revealed as full support by the American fleet of the British navy, an invincible protection of the sea route between the U.S.A. and Britain. . . . The President has spoken. We await Hitler's reply."

HALIFAX

Viscount Halifax, British ambassador to the United States, said in Britain, said the President's speech was "the most practical example of the help in practical form that the United States is prepared to give us and those fighting with us."

READY FOR SHOOTING WAR—The U.S.S. North Carolina, latest American battleship, plows through the swelling Atlantic in a striking picture taken as the photographer was transferred from a destroyer to the big battleship for her gunnery trials.

The London Daily Express said the President's pledge to protect ships of any nationality engaged in commerce in American defence waters was "an immense step in the business of getting American arms to these shores."

The paper said the Germans undoubtedly would reply by charging Mr. Roosevelt "with all the crimes in the calendar. . . . But they will not deter him from his purpose which is now clearly revealed as full support by the American fleet of the British navy, an invincible protection of the sea route between the U.S.A. and Britain. . . . The President has spoken. We await Hitler's reply."

UP TO NAZIS

The Free French radio station in French Equatorial Africa said Mr. Roosevelt had "thus thrown down the gauntlet and it is now up to Germany to decide whether it wants war with the United States or not."

The newspaper El Mundo at Buenos Aires called the broadcast "the first step toward mil-

cabinet information bureau spokesman, said Japan adhered to the general principles of freedom of the seas, but would make no further comment.

John Curtin, Australian Labor Party leader, said at Canberra that President Roosevelt's broadcast "must bring home to the United States her own obligations which, in a great respect, are more than those of any other part of the Democratic world."

Nazi Clubbed in Paris

Norway Revolt Spirit Grows

STOCKHOLM, Sweden (AP)—

Reports from Oslo today said a spirit of revolt against the German-supported Quisling government was growing rapidly in Norway and a gigantic conflict was indicated in the next few days with the trade unions leading the opposition to the Nazis.

The unions have about 350,000 members.

A great many persons were reported arrested at a number of places in Norway Thursday.

Ludvik Buland, vice-president of the labor federation, was sentenced to death and then paroled by Josef Terboven, Nazi gauleiter for Norway, as official

accounts said "labor peace was restored and there were no episodes of any kinds."

Among persons sentenced in Oslo were Asbjørn Ruud and Olaf Oekern, famous skiers, both sent to prison for 12 years.

REMOVED

Didrik Arup Seip, president of Oslo's university, was removed. Nature of the charges against these men was not stated.

In Thursday's extensive actions against trade unions all over Norway, all local funds were confiscated and membership lists taken by the authorities. All Boy Scout organizations were ordered dissolved.

Special correspondents for the Stockholm papers reported every-

thing was so quiet in Oslo that the town was "dead" after 8 o'clock every night, but that the executions of Wednesday inflamed the undercover spirit of revolt and led to the preventive steps taken by the Quisling regime on Thursday.

Authorities in Bergen, Trondheim and Stavanger threatened to proclaim a civil siege such as exists in Oslo if there were any signs of agitation.

In Berlin Nazi spokesmen said drastic repressive action against Norwegian labor unions was the German answer to months of hostile activity.

(They said there was underground activity such as distribution of pamphlets and listening to

and spreading contents of the London news broadcasts.)

PARIS CLUBBING

VICHY, France (AP)—Informed sources reported today another attack on a German army man in Paris in the reprisals and counter-reprisals between occupying authorities and opposition forces.

The German was clubbed by an unidentified assailant as he was leaving the Ambassadeurs Theatre in the Champs Elysees district after a Maurice Chevalier performance. He was given first aid treatment for skull injuries and then sent to his quarters.

The assailant who clubbed the German fled before he could be identified.

Food, Clothes To Be Licensed

OTTAWA (CP)—Canada's entire food and clothing trades—

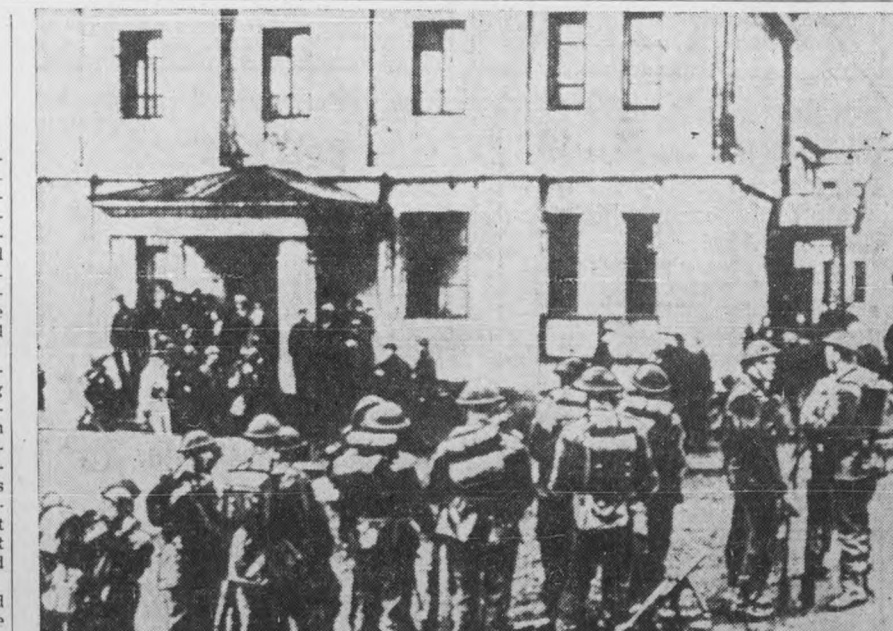

all dealers, manufacturers, processors, wholesalers and retail distributors of food products, clothing and footwear, including all restaurants and eating places—are to be placed under license before the end of the year, the Wartime Prices and Trade Board announced today.

"This licensing plan will provide the machinery for policing prices and for focusing information necessary for the allocation of supplies in the event of shortages arising from dislocated shipping and other war conditions or the necessity of curtailing domestic consumption to meet emergency demands from Great Britain or the allies," the board said in a statement.

More than 200,000 food and clothing dealers are likely to be affected by the licensing program, it was said. Until further notice, dealers should not start applying to the board for a license.

When the new licensing plan goes into effect regional licensing offices will be established by the board under supervision of the central administration at Ottawa but maximum use will be made of existing facilities and governmental personnel. It is not anticipated a large staff will be required.

Canada is calling for men and that they are the sort of young men who would make good soldiers.

CANADIANS IN SPITSBERGEN—Cabled from London, this is the first picture of the spectacular Allied raid on the Norwegian archipelago of Spitsbergen in the Arctic. A Canadian guard stands at rest before the Communal building in Barentsburg, port of Spitsbergen, after seizure of the islands. Inside, their brigadier, Gen. Arthur E. Potts of Saskatoon, explains their mission to the island commissioner.

Ship of Tragedy at New York

NEW YORK (AP)—A ship of tragedy reached New York harbor today with 777 homeless

The ship was the Spanish government-owned Navemar, 48 days out of Bilbao; her passengers were weary Frenchmen, Poles, Czechs, Germans and Russians who had slept in tiers in the holds, under hatches, in lifeboats, on the decks.

One woman and three men died at sea before the Navemar put in at Bermuda and Havana, where 330 passengers disembarked. A fifth passenger died in Bermuda.

Most of the passengers were from German and French concentration camps.

ening the domestic security of Chile were detained by police last night for investigation. This brought to 13 the number held since an investigation of anti-Chilean activities was begun Wednesday.

An announcement said Walter Boettger, German embassy commercial attaché, was head of the group, but his diplomatic functions "place his person outside the reach of justice."

GASLESS WEEK-END

TORONTO (CP)—The prospect of a gasless week-end faced many Toronto motorists today as service station attendants report dwindling supplies of gasoline. Some stations have started a strict rationing program.

U.S. Press Stands With F.D.R.

Following is press comment in leading United States papers on President Roosevelt's "sink-on-sight" address:

New York Times, Independent Democrat—"We believe that the course which the President has chosen to follow... will have the support of a great majority of the people of the United States. For we believe that this great majority, now recognizing clearly that we shall have no peace and no security, no respite from alarms and no return to normal life until Nazi Germany is defeated, is prepared to accept any necessary risks to accomplish that defeat."

New York Herald Tribune, Independent Republican—"There will be... no doubt about the overwhelming relief, the new confidence, the new purpose and unity with which the people of the United States will see the evasions thus cleared away, the plain facts announced, the situation crystallized as it actually exists and their nation's policy placed upon that firm foundation which is the best—the only possible—answer to the horror and menace into which Hitlerism has plunged our world."

Providence Journal - Bulletin, Independent—"Surely Nebraska,

Montana, Arizona, have for their particular interests, as vital a stake as has Rhode Island, or any Atlantic seaboard state, in supporting the President's policy to shoot when necessary to keep the seas free for the American flag. It is an American declaration, essential to our economy and security... we know that all America cannot exist as America unless it shoots, if it must, to keep the seas free for our flag."

Boston Globe, Independent—"The difficulty in writing about the President's address is that no interpretation is required. From beginning to end it is clear..."

Knoxville Journal, Republican—"This is the first day of America's shooting war... At long last, our backing and filling, our moving sideways, our progressing toward a fixed point by following a curve; these things are at an end... We have been sidled into this conflict on the theory that by putting up enough money we could avoid the killing of millions of our men. All signs now point to our paying for the war and fighting it, too."

The Syracuse, N.Y., Post Standard, Republican—"A step of incalculable aid to Britain was announced last night by President Roosevelt... President Roosevelt said he has no illusions about the gravity of this step. It is, in truth, one of the most serious the nation has ever taken."

Boston Herald, Republican—"The United States is no nearer this morning than it was yesterday to participation as a belligerent in an all-out war against Germany. Indeed, the probability that we shall become involved in unrestrained hostilities against her seems less than it was. The President did little more than to issue a stern caveat to Germany. He did not go nearly so far as it was thought he would."

Cleveland Plain Dealer, Independent-Democrat—"This fatherly halting step... falls short of what the nation had a right to expect... The menace to sup-

plies going to Britain is not in the American 'defensive zones' but in the stretch from Iceland to the British Isles."

Richmond, Va., Times-Dispatch, Independent-Democrat—"Mr. Roosevelt... apparently has ordered the American navy to fire on any German or Italian warship found in the north Atlantic... It is high time that such orders were issued."

Hartford Courant, Republican—"The long road down which the nation has traveled since the repeal of the embargo, nearly two years ago, is coming to an end... The shooting is at hand."

Worcester (Mass.) Telegram, Republican—"Whether or not one is disappointed in the speech, one must approve his order to keep German and Italian warships out—that order is inevitable. The preservation of our national safety and national honor demands it. If the Germans and Italians disregard this warning—it means war with the United States."

Baltimore Sun, Independent-Democrat—"Mr. Roosevelt's speech last night was a grave and stern definition on American policy which will compel Herr Hitler to bow to the United States in the north Atlantic—and in other areas—or to face us in a naval battle. The Sun believes this declaration of American policy to have been justified. We believe it to be wise."

San Diego, Calif., Union, Republican—"In warning Hitler that he can have war with the United States if he wants it, and that his desire will be indicated by his continued invasions of western hemisphere waters, Mr. Roosevelt has stated a position which Americans must approve. If Hitler wants to see history repeated, let him continue the course he evidently has chosen."

San Francisco Chronicle, Independent-Republican—"The President's declaration that any German or Italian warship will enter American defensive waters at its own peril is our recognition of the fact that there is no place for

us in a Nazi-dominated world. This means the navy has been ordered to shoot at sight... We believe the President could not do less. We believe he should do more."

Galveston News, Independent-Democrat—"Germany is left in the position of challenging the United States to a shooting war or accepting the stigma of piracy."

Dallas, Tex., News, Independent-Democrat—"With legalistic precision, he (the President) has moved for the defence of American shipping and American trade on the historic principle of freedom of the seas."

ALBANY, N.Y., Knickerbocker News, Independent-Republican—"The serious step taken by the President... is predicated upon his opinion that Germany has challenged us. That opinion might not be shared by Congress. And Congress, under the Constitution, is the only power that can commit us to war and, logically, to the acts including war."

Tampa, Fla., Tribune, Democrat—"There can be no misinterpretation of the President's language. He reasserts, with all the emphasis of an ultimatum, the historic American principle of free seas for free nations. This is an arrogant, aggressive power warned that it assails that principle at its peril."

St. Petersburg, Fla., Times, Democrat—"Public reaction, we believe, will fully sustain Mr. Roosevelt."

Rochester Times-Union, Independent—"The President was on firm ground when he reasserted the historic American doctrine of freedom of the seas, and our determination to maintain it... Nevertheless, we are forced to view with misgivings the manner in which our chief executive has gone about serving notice on Hitler and the Nazis that, having gone thus far, they shall go no farther... In acting without the prior sanction of the Senate and the House, the President has assumed a grave responsibility."

Committee said: "The President has initiated an undeclared war in plain violation of the constitution. In 1917 President Woodrow Wilson sufficiently respected his oath of office and the constitution of the United States to ask Congress to declare war... this attempt to take the American people into war, in betrayal of the most solemn promise a candidate ever made to his people, will be repudiated."

Tomato Growers Can Own Produce

TORONTO (CP)—The suburban New Toronto plant of the Campbell Soup Company Limited, where a strike has been in progress since Saturday, went back to near full production today with arrival of another 135 tomato growers and their helpers from Essex and Kent counties.

Like the 111 who arrived yesterday at Premier Hepburn's invitation, the new arrivals came to the plant in buses protected by Ontario Provincial Police and went through picket lines without incident.

Two reports of violence were received by police during the night. Rocks were reported thrown through the windows of a bedroom where two girl workers were sleeping and a man going home about 2:30 in the morning was reported to have been assaulted.

Quints Going Home

TORONTO (CP)—A seven-year fight by Oliva Dionne to bring his children together under one roof appeared near fruition when it was reported at Queen's Park that his famous quintuplet daughters would be restored to their parents by an order-in-council of the Ontario cabinet today. The board of guardians probably will continue to direct financial affairs of the five sisters whose joint fortune now totals more than \$1,000,000.

R.A.F. Drops Super Bombs

LONDON (CP)—The R.A.F. in widespread overnight forays attacked objectives in northern Germany with a large force of bombers, struck at French and Norwegian ports and at shipping off the Netherlands and Norwegian coasts. Three British bombers were lost.

Large fires were started by super bombs and incendiaries that fell on targets at the Nazi naval base of Kiel and the Baltic port of Rostock, despite adverse weather conditions. It was the first attack of the war on Ros-

New York Sun, Independent—

For the average American citizen it means just two things: (1) That in the judgment of the President... certain acts of Axis submarines and surface craft constitute shooting warfare against American naval and mercantile ships on the high seas; and (2) that by fiat of the commander-in-chief of the army and navy the American navy is actually entering into shooting warfare against armed vessels of Germany and Italy found in waters deemed by the government of the United States to be vital to the defence of the United States... Assuming its premises to be correct, the speech must be set down as one of the ablest Mr. Roosevelt has ever made.

New York World-Telegram, Independent—"The speech was a little more than pessimists had expected, yet a little less than optimists had anticipated. The President in his latest move does not declare war, technically. But actually he comes so close to shooting—and in his own phrase 'shooting means war'—that Congress should speak on the policy the President has expressed."

Chicago Times, Independent—"We assume that President Roosevelt means—now, at least—that our navy is going to keep the western half of the Atlantic, including Iceland and perhaps most of the way between South America and Africa, swept clean of Nazi raiders. For that step we believe the American people... will fully support the President."

Philadelphia Inquirer, Independent-Republican—"This is not a policy of aggression on the part of the United States. It is as surely a factor in the defence of the Americas as the billions of dollars' worth of weapons which our mills are turning out for the British, and which we, with the means available to us as a non-belligerent, are resolved shall have safe transport across the sea."

WINGS TO B.C. MEN

CLARESHOLM, Alta. (CP)—J. G. Power of Vancouver, a nephew of Air Minister Power, was the leading student in the class which received their wings at No. 15 service flying training school here yesterday.

Included in the graduating class were:

From British Columbia—R. C. Edmonds, W. B. Sherry, J. A. Buckle, J. A. Muir, R. A. McLennan, S. V. Stowe, H. B. Sutherland, R. G. Bell, K. O. Perry, all of Vancouver, B.C.; C. C. W. Margerison, Cloverdale; S. Holland, Victoria; H. R. Shear-down, Armstrong; E. E. Barsdy, Nanaimo; J. R. Ashworth, Lake Windermere.

TO REVIVE FOLLIES

HOLLYWOOD (AP)—Billie Burke said today she would revive the Ziegfeld Follies, presented until a decade ago by her late husband, Florenz Ziegfeld.

"World conditions being what they are, I think the public would again welcome big, lavish musical shows as a medium of escape," she said.

Miss Burke said she planned to open the follies here in mid-winter, moving later to Chicago and then to Broadway.

Hospital Ship Bombed

MOSCOW (AP)—Tass reported from Leningrad today that 400 of 1,300 persons aboard the hospital ship Siberia were lost when she sank August 19, under bombardment of German planes in the Gulf of Finland.

The ship was carrying women, children and wounded Russian soldiers brought aboard at Tallinn, Estonia, the night before, Tass said. Small Soviet warships and speedboats went to the rescue, it was reported.

WE RESERVE THE RIGHT TO LIMIT QUANTITIES

Washington Reaction

WASHINGTON (AP)—Washington reaction to President Roosevelt's address ranged from the assertion of Senator Pat McCarran (Dem.-Nev.) that it was "nothing short of an unauthorized declaration of war" to the statement of Senator Elbert Thomas (Dem.-Utah) that "driving pirates off or out of the seas is no war."

Here are some of the comments: Wendell L. Willkie—"The President spoke as he should have spoken. He could not yield on such a fundamental right. This is the time for all Americans to

PROBLEM

Democratic Leader Alben Barkley of the Senate—"He has laid before the American people the problem that faces them and the method by which he proposes to deal with it. In my opinion, he could pursue no other course."

Senator Charles McNary (Rep.-Ore.) Republican leader—"It was a candid statement on the part of the President of his purposes and policies, without any attempt to involve Congress."

Representative Joseph Martin, Republican leader—"The President has told the country what his course of action will be in the event Axis ships appear in certain sea zones. This means we move closer to the shooting."

Senator Guy Gillet (Dem.-Iowa)—"The address of the President is a declaration of war so far as it can be made by the executive branch alone. Every American citizen will support the commander-in-chief in any step he takes in foreign relations regardless of whether we approve or not."

Mayor F. H. LaGuardia of New York, who listened to the President's broadcast at the Washington home of assistant secretary of state Adolph A. Berle, predicted that the speech was "the beginning of the end of the war."

KING AND QUEEN VISITED BALMORAL

LONDON (CP)—The King and Queen have just concluded a holiday in Scotland at Balmoral Castle, it is now disclosed, their first stay at the castle since they left it hurriedly for London at the outbreak of the war two years ago.

Princesses Elizabeth and Margaret Rose were with them. The King spent considerable time grouse shooting while the Queen and Princesses enjoyed long hours in the open.

The week-end which Prime Minister Mackenzie King spent with their Majesties, it was likewise disclosed, was at Balmoral. On returning to London the King attended a meeting of the Privy Council and received Prime Minister Churchill and the first Sea Lord, Sir Dudley Pound.

**30 Cents Per Ton
Coal Price Jump**

CUMBERLAND (CP)—Increases in coal prices, effective as of September 1, were announced here by officials of Canadian Collieries (Dunsmuir) Ltd. The announcement said the price of stoker and pea coal would be 15 cents per ton higher while the price of nut and lump coal would be increased 30 cents per ton.

See War's End

LONDON (CP)—Arthur Ware, leader of six men who abandoned careers in 1934 to devote themselves to Bible study, told a conscientious objectors' tribunal they were convinced the war would end in 1942.

3-Power Alliance

France, Germany, Spain To Defend West Africa

NEW YORK (AP)—France, Germany and Spain have worked out elaborate joint plans to defend west Africa, according to information reaching the Associated Press in New York.

Belief in the United States and Britain some day will try to seize bases in the strategic French, Spanish and Portuguese possessions across the south Atlantic has brought the three powers into virtual alliance, it is stated.

Three-way staff talks started months ago are said to have reached such a point that permanent joint staff has been set up at Melilla, Spanish Morocco.

Steadily, German-produced arms are flowing down to Casablanca in French Morocco, Villa Cisneros in Spain's Rio de Oro, and Dakar, vital port in French Senegal.

GUNS TO ORAN

Ships slipping out of French Mediterranean ports to scud across the Mediterranean to Oran go loaded with coastal and anti-aircraft guns, searchlight batteries, mines, knocked-down 80 and 120-ton submarines and fast torpedo boats.

Such is the outline of the story brought by Europeans of credibility, persons who can cite adequate if unpublished sources for their information.

British and United States staffs already have most of the story, it is believed. Bits and pieces have been published. But few outside high official circles know the extent to which the three powers have carried their military collaboration.

Germany, it is asserted, would like to extend the south Atlantic line of defence to little Portugal's Atlantic possessions—the Azores, Madeira and Cape Verde.

Portugal, however, careful of her neutrality, turned down an invitation to participate in joint staff talks.

AT MELILLA

Those talks, it is learned here, began in June, or before. In early July, General von Rinteln, Hitler's African ace; General Nogueira, governor-general of French Morocco, and one of Spain's generals met at Melilla.

Howe Speaks

Young Men Must Respond To New Call to Battle

OTTAWA (CP)—Munitions Minister Howe last night appealed to industry "not to place obstacles in the way of enlistments," and forecast an increasing need for young men in the armed forces.

In an address broadcast over the national network of the Canadian Broadcasting Corporation, the minister also made an appeal for "an aroused public opinion" to check the type of labor disputes now interrupting production.

Mr. Howe's address was the second in the series being given daily by cabinet ministers as a part of the reconsecration week program.

He spoke plainly to employers and declared that while his department was vitally concerned with maintaining a supply of skilled workers for the huge war industries, the needs of industry must not take preference over the needs of the armed forces.

Illustrating the government's problem of balancing the needs of the forces against the needs of war industry, the minister said that for every 60 persons engaged now on war work 100 will be needed when production reached its peak, early next year.

Devoting his address almost exclusively to the two problems of manpower and illegal labor disputes, the minister stressed the following points:

1. Women and men physically unfit for war service, and those now engaged in nonessential industry, will be used increasingly to meet the demands for workers.

2. Only 60 per cent of those who will be needed ultimately for war production now are engaged in war work.

3. Employers should not make "unreasonable" demands for exemption of their workers on the grounds they are essential.

4. The only threat to Canada's "credible production record" is loss of output through industrial disputes.

5. An illegal strike in times such as these is almost equivalent to desertion in the face of the enemy.

He said enlistment postponements would be allowed for key men in war industries when recommended by the proper board, but the decision of the board will be final.

The minister said he appreciated that the aircraft industry depended largely upon newly-trained young men, "but I cannot support the view that industry is entitled to their services in preference to the active service forces."

Out of that meeting grew the permanent tri-power staff.

Following is the gist of the plan as outlined by the Associated Press' informants:

Germany will furnish material to fill out France's and Spain's war left-overs, give technical advice and assign needed technicians and specialists, including aviators; France will contribute the sizeable remnant of her once-potent navy, planes, officers and troops, and Spain's big Moroccan army will be the backlog of manpower, to be thrown into action if needed.

Germany started filling her part of the bargain even before Von Rinteln, Nogueira and the Spanish general met.

Since early June ships sailing from Marseille, Toulon and Port Vendres, near Perpignan, have been slipping across the Mediterranean to Oran, loaded with war supplies.

Between June 20 and July 1, the big ships Etoile and Belle Arlesienne and the smaller freighters Juno and L'Arient transferred an estimated 3,000 men of Germany's Condor aviation unit which fought for Franco in Spain, its equipment and material.

From Oran the Condor unit proceeded to Casablanca, thence to Fez and finally to Mogador, where staff headquarters were set up in the Hotel Paris.

AVIATION UNITS

On July 1, the steamship Nazareth and another freighter took aboard three French aviation units previously based at Clermont Ferrand, Rivesaltes and Tarbes and shifted them across the Mediterranean for African service.

Red M.P. Apologizes To Churchill

LONDON (CP)—William Gallacher, only Communist member of the House of Commons, made a full apology to Prime Minister Churchill after a heated debate on Col. Moore-Brabazon's supposed statement regarding the Russo-German war.

The Prime Minister said Mr. Gallacher was taking orders from someone outside Great Britain. Mr. Gallacher then called the Prime Minister a "blackguard," and said such a statement was "dirty, cowardly, rotten action." He said he had never taken orders from anyone outside England.

In his apology, addressed to the Speaker, Mr. Gallacher said:

"After deep reflection about what occurred this morning I want to apologize to you, sir, and to the House for the offensive words I used when I put to you my point of order, and I want to make a complete withdrawal of the offensive remarks made and directed towards the Prime Minister."

The House cheered.

Alan B. Plaunt, 37, Dies in Ottawa

OTTAWA (CP)—Alan B. Plaunt, 37, one of Canada's earliest and leading exponents of public control and operation of radio and a former member of the board of governors of the Canadian Broadcasting Corporation, died early today. He had been ill for some time.

Mr. Plaunt was named to the board of governors of CBC in 1936 and resigned only last October.

When he resigned he said he was doing so because "I feel that as a public trustee I should not continue to accept responsibility for the internal organization and executive direction of the corporation when I have long ceased to have confidence in it."

He received his early education in Ottawa and graduated from the University of Toronto in 1927.

He attended Oxford University and graduated with an M.A. degree in history in 1929. He returned to Canada and from that time onward took an active interest in radio.

At the time of his resignation Rene Morin, chairman of the board, said it was the board's belief there was "no justification" for the resignation.

Mr. Plaunt is survived by his widow, Dorothy Reynolds Pound, formerly of Vancouver, and his parents, Mr. and Mrs. F. X. Plaunt of Montreal, and four sisters.

'A Big Decision'

Gave Up Home, Shot Dog To Leave Spitsbergen

By FOSTER BARCLAY

LONDON (CP)—A miner's sturdy wife who traveled from Arctic Spitsbergen to Britain under the protecting wing of the Canadian expedition to the remote Norwegian islands, tells in touching phrases how the fear they were experiencing a Nazi invasion gave way to joy at discovering their unexpected "visitors" were Canadians, Norwegians and Britons.

Mary Olsen, 37, mother of a 13-year-old daughter, described the emotional conflict she and other Norwegians experienced—relief that friendly troops had come, sadness at leaving long-established homes.

"What we did was right. We know it," she said.

But it was hard doing it all the same, she admitted. They looked up their home and its belongings. Their pet husky had to be shot because he could not be taken along.

NEVER LOOKED BACK

"I had one last look at all the things I left behind," she said. "I carried little treasures from Norway. Andor (her husband) locked the door and took the key. I never looked back. Now I am glad to be here."

It was a warm sunny day, she said, when the ships arrived. She was working in her timber-built cottage and her daughter, Marie, was playing with the husky, named Kiki.

Suddenly a neighbor called: "There are warships in the bay." She took her daughter by the hand and then ran down to the shore.

"The lifting mist revealed great ships at the entrance to the fjord," she said. "Ships and boats packed with soldiers were coming towards the quay."

"As the first boat scraped alongside an officer in uniform sprang ashore."

"Good morning," he called in Norwegian. No one in the little knot of people—mostly women

POLITICS

BULL NOMINATED

Capt. C. R. Bull of Kelowna, Liberal member of the last provincial Legislature for South Okanagan, was named at a Liberal nominating convention here in Kelowna to again contest the riding in the forthcoming provincial general election.

Hon. K. C. MacDonald, Minister of Agriculture, addressed the meeting, attended by delegates from all parts of the riding.

MRS. STEEVES CHOSEN

Mrs. D. G. Steeves, C.C.F. member of the last provincial Legislature for North Vancouver, was named at a C.C.F. nominating convention in North Vancouver last night to again contest the riding. One of the speakers at the meeting was Grant MacNeil, C.C.F. national organizer, who arrived unexpectedly by airplane from Ottawa.

MINISTER SELECTED

Hon. C. S. Leary, Minister of Public Works, yesterday was again named Liberal standard bearer for Kaslo-Slocan at a convention held in New Denver. In accepting the nomination, the minister declared his opposition to a highway commission. Hon. W. J. Asselstine, Minister of Mines, was a speaker.

"Woolly" fibre glass is being used in commercial and military airplanes to lower noise levels and for other advantages.

Lindbergh Speaks

DES MOINES, Ia. (AP)—Charles A. Lindbergh claimed last night "the three most important groups which have been pressing this country toward war are the British, the Jewish and the Roosevelt administration."

The flier, in an address before an earlier heard President Roosevelt by radio, asserted these groups and other "war agitators" planned a step-by-step campaign to put the United States into the war.

Lindbergh was greeted with mixed cheers and boos.

A package of America First cards thrown from the balcony struck and knocked down a plant in a vase directly in front of the flier.

The crowd cheered President Roosevelt 11 distinct times during his address.

FRIDAY, SEPTEMBER 12, 1941

'Pirates' and 'Rattlesnakes'

SHOULD ADOLF HITLER AND BENITO Mussolini have any doubt about the extent of the "defensive waters" into which Mr. Roosevelt has warned that Axis warcraft will enter at their peril, it is for them to launch a test case, and discover the answer for themselves. In his momentous declaration last night the President furnished the world with the logical sequel to his Labor Day promise; he said then that the United States and her government would do everything possible to defeat Hitler and Hitlerism. He is now implementing that pledge with appropriate action—"no matter what it takes, no matter what it costs." In terms clear and potent enough for the least imaginative person in the world to understand, he has described the category to which the raiding craft of the two European dictators belong. These ships of destruction are "pirates" and "rattlesnakes." And "when you see a rattlesnake you do not wait until he has struck before you crush him." So commanders of United States war vessels have received explicit instructions to enforce the traditional policy of freedom of the seas—a course followed by several of Mr. Roosevelt's predecessors in office. If Germany, therefore, desires to get into a "shooting war" by attacking ships flying the Stars and Stripes, the responsibility rests solely on the man whose word is law in the Third Reich.

Incident after incident, of course, has contributed to the resolve now taken by the President. What he repeated about the dictators and their philosophy is not new; the heads of the Nazi and Fascist states have heard it before. Such references to them were like water off a duck's back; but when Mr. Roosevelt told the world that from now on American warships would shoot at Axis raiders on sight, he issued a declaration which virtually pledged his country to fight to keep open for all ships that vital sea lane which separates the Old World from the New. And although the President's definition of "defensive waters" remains somewhat ambiguous, his reference to the sinking of an American vessel in the Red Sea—implying that similar attacks might be made anywhere in the waterways of the world—will doubtless convey the impression to the Axis dictators that wherever ships flying the swastika and the sign of the fasces may be encountered, United States commanders will remember the homily of the rattlesnake. In other words, while Mr. Roosevelt particularly emphasized defence, the program he laid down adequately provides for such offensive measures as any exigency may demand from time to time. The policy is realistic, tactical, and elastic; neither the "pirate" nor the "rattlesnake" is likely to be moved by considerations of morality. Of this the President is well aware.

Early reports of newspaper reaction suggest the American public is almost unanimously of the view that Mr. Roosevelt has taken the only course that could be considered compatible with the honor and dignity of a great nation. Men prominent in public life, eminent leaders of progressive thought, writers and philosophers, citizens who are not blinded by the specious argument advanced by isolationist elements, have for months argued that the Axis challenge sooner or later would have to be taken up by the United States. The President's declaration has brought new hope to the people of Britain, to the tyrannized folk of the occupied countries, and to lovers of peace everywhere in the world who would rather die on their feet than live on their knees. And if we read aright the beliefs and aspirations of the majority of the people in the United States, it should be safe to assume they are glad that action is now to take the place of words so far as their future association with a totalitarian despotism is concerned. Our neighbor is not looking for a "shooting war" with the Axis powers; last night's message to them and to the world at large, however, is a new intimation to the men of Berlin and Rome that their last hope of winning the war has now been dissipated. To the brave citizenry of the British Isles, the men and women who have so valiantly defended the last rampart of democracy in the Old World, the words of Franklin Delano Roosevelt have given a new lease on life. The vital battle of the Atlantic will now be won.

Democracy's Fireworks

SOMETHING OCCURRED IN THE BRITISH House of Commons yesterday morning which the timid dictators would never understand if they and their vicious philosophy lived as long as Methuselah.

It arose as Mr. Churchill defended Minister of Aircraft Production Colonel J. T. C. Moore-Brabazon, whom Mr. William Gallacher, member for Scotland's division of West Fife and the only Communist in this august body, had accused of insincerity in the matter of aid to Russia. The Prime Minister did not think he should be prepared to "receive guidance in policy or conduct from an honorable gentleman who, it is notorious, has to change his opinions whenever he is ordered to by a body outside this country." And then the fat was in the fire.

Retorted irate William: "I have never at any time taken orders from anyone outside this country," and he demanded withdrawal of the "insulting remark," adding that "it is a dirty, cowardly, rotten action on the part of the Prime Minister; it is the action of a blackguard; it is a foul and dirty lie."

One can almost imagine Mr. Churchill rather enjoying the repartee, as such, if not the wrong impression it might create outside, for his own stormy political career has been punctuated by verbal exchanges on which his ready wit and pointed barbs have invariably scored bull's-eyes. But when the storm had subsided, and the member for West Fife had had an opportunity to consider the sulphuric quality of his invective, the House listened to and cheered the inevitable sequel to such incidents—the apology. To Mr. Speaker Fitzroy, Mr. Gallacher said: "After deep reflection about what occurred this morning, I want to apologize to you, Sir, and to put to you my point of order, and I want to make a complete withdrawal of the offensive remarks made and directed towards the Prime Minister."

Those who have any doubts about the machinery of democracy as it runs in Great Britain would do well to ponder its simplicity as illustrated by yesterday's proceedings in the Mother of Parliaments.

Ready for Battle Again

ALTHOUGH CIRCUMSTANCES INTERVENED to prevent him from continuing to serve his country in the manner he would have preferred, for His Majesty's Canadian Navy is his first love, Commander Charles T. Beard has now chosen a field of endeavor in which he hopes to regain the right to serve his native Canada in general and his adopted province in particular. He has accepted the invitation of the Liberals of the Esquimalt riding to contest the seat in support of the Pattullo government. In so honoring the man who has singularly distinguished himself in the Dominion's silent service, our friends in the historic naval base have honored themselves.

Commander Beard does not need to apologize for the decision he has taken; his election on October 21 would mean a valuable acquisition to the next Legislature. To the debates of the House, to the problems with which this province will be confronted as the war drags on, to those still more exacting demands that will be made on the elected representatives of the people when peace and sanity once more have been restored to the world, he would be able to bring rich understanding of the humanities—and especially as they relate to the difficulties that invariably accompany demobilization of the men who have worn the King's uniform. That his candidature will be popular among the great majority of the good folk of Esquimalt may be taken for granted.

Funnyman Gayda

WHILE BERLIN THIS MORNING WAS trying to make up the official mind about Germany's reaction to President Roosevelt's "anti-rattlesnake" declaration, Virginia Gayda, Mussolini's editorial mouthpiece, let himself go by telling the Italian people that Fascist and Nazi warships are now exposed to "deliberate aggressive action of American warships," and that Italian and German craft must attack in self defence if they cannot escape.

What Mussolini thinks of the new policy Mr. Roosevelt has now inaugurated does not matter much. American warships are not after the "sitting bird" in safely-guarded Italian harbors; Signor Gayda may rest assured that such vessels of the Italian fleet as may have ventured out of territorial waters will now make for sanctuary and remove their obligation to fight in any kind of defence. Even Mussolini's journalistic sounding board has ceased to be unconsciously funny.

Notes

Fashion note says many autumn hats will be felt. Likely the same will be true of the cost.

If soldiers of 30 can't keep up, perhaps the reporter is right when he speaks of "an aged pedestrian of 42."

A western woman golf star is suing for divorce because her husband is always away from home. Who told her that?

JAP SMOKE SCREEN?

From Washington Post
Japanese Ambassador Admiral Nomura sought an interview with President Roosevelt in which he delivered to the latter a message from Premier Prince Konoze. That action suggested that Japan was eager to regain the good will of the United States which the island empire had dissipated as a result of a long succession of high-handed and barbarous measures directed both against China and against our interests in the Far East. But no detente in Japanese-American relations is possible unless and until there is a radical change of heart in Japan. Unfortunately, there is no evidence of such a change.

The belligerent statement made by an army spokesman who accused the United States and Great Britain of "unpardonable crimes" and demanded speedy action to create the "greater East Asia co-prosperity sphere" and the clamor of the powerful Asia Development Federation, which is headed by a former premier, that the government prevent the shipment of supplies "to nations hostile to our Axis powers" suggest that the jingoes are still very much in the saddle in Tokyo.

One can only conclude from these developments either that the efforts at a rapprochement being made by Prince Konoze and Admiral Nomura represent the views of only a small group in Japan or that these efforts are only a smoke screen to hide Japan's actual plans.

Bruce Hutchison

GRISLY TALE

AS A MATTER OF FACT," said the little boy from next door, who has not been around much lately, "it wasn't my idea at all. It was Harry's. Oh, well." He paused uncertainly, hesitating to tell his grisly tale. He pulled on the leather shoe lace which was tied to his belt and hauled out not one watch but three, all tied closely together. With a quick calculation I figured that the trio were worth \$3, less depreciation, which would be substantial.

"This one, you see," said the owner, "is set on daylight saving time. This one is daylight wasting time. The other is Berlin time so I can always know when the bombs are dropping over there. It's very convenient."

"Yes," I said, "but what were you going to tell me about Harry's idea?"

"Oh, that. Well, we found a pipe on the road. You know, a smoking pipe for tobacco."

"Now I begin to see," I said.

"But we were careful about it," he said. "We boiled it in hot water for half an hour to kill the germs. But it didn't taste very good at that. I guess it was pretty old. It looked a bit chewed up at the end."

"Then what did you do?" said I, knowing very well what he must have done.

"Well, we got some tobacco. Harry bought it. He said he wanted it for his dad. Ten cents worth. We could have had an ice cream cone each," he added bitterly.

"Then what?"

"Then we went into the woods and smoked the pipe. Oh, gosh!" His eyes distended at the mere memory of it and he turned a faint green about the gills.

"And," I said, "you are never going to smoke again."

"No," said he, "never again. Not ever. I was sick. Harry was sick. I think my dog was sick just looking at us. So we buried the pipe and the tobacco. So you might just call it a waste of good money."

"But the experience," I said, "that was valuable."

"I'd rather have had a cone," he said. "Ten cents shot to pieces and nothing but a stomach ache. And what a stomach ache!"

ON THE TOBACCO

IT IS NOW CLEAR, I think, that Canada is well on the way to inflation while the responsible officials and administrators loudly proclaim, beating their breasts, that inflation will never occur so long as they are on the job. The federal government says cost of living is up 12.9 per cent. My information from members of the provincial government is that cost of living is up nearly 20 per cent in most parts of British Columbia. This might not be serious if it were not continuing to go up every day, and with our present federal policy of cost-of-living bonuses we can be sure that every price rise will bring a rise in wages, and that the rise in wages will bring an increase in prices, like a dog chasing his tail.

The Ottawa correspondent of this newspaper says that the federal government is not going to use its fine new machinery to prevent price rises by any general scheme but merely to "trouble shoot" at individual prices as they increase. This, if it is true, means we are in for desperate inflation. Inflation can only be stopped now by pricking the whole expanding balloon before it bursts—by mopping up quickly, before it can be spent, some of the new purchasing power of the nation. We are going to have less goods. If the government does not prevent a rush to buy the smaller quantity, prices are bound to skyrocket as at an auction sale of antiques when women go mad.

TO CITY FOLKS

AT THIS TIME of the year it is the quaint custom of country folk to pick their superfluous fruit at great labor and risk of neck and limb on fragile ladders, and then to cart the crop into town and give it to their friends. Now I will admit that the friends accept it. They do not actually reject it. They do not hurl it into your face exactly. But I am bound to say they do not appreciate it.

They think fruit grows in boxes and cartons all ready for the jam pot. They think you whistle at the plums and they fall into a cardboard box. They thank you for 20 pounds of plums as if you were giving them the equivalent of 50 cents when in actual value you are giving them two hours of labor and fearful risks, swinging from an upper branch. You are giving them fatigue and backache and a stiff neck. Fifty cents would not purchase those things, nor \$50.

Not that I grudge them. One cannot let fruit go to waste these days, but I would just like people to know what it means in actual toll of picking—not to mention the winter pruning, the spring spray (very expensive) and the summer irrigation. But there is no use asking people to come and pick their own. They think you enjoy it. They would rob you of the pleasure. They have sacrificed enough in trying to eat your inferior fruit when they could buy better at the store around the corner.

"Has your husband taken the medicine I prescribed? A tablet before each meal and a small whisky after?"
"Mebbe he's a few tablets behind, but he's a month ahead w' th' whisky!"

Parallel Thoughts

All manner of sin and blasphemy shall be foreign unto men; but the blasphemy against the Holy Ghost shall not be forgiven unto men.—Matthew 12.31.

Forgiveness to the injured does belong, but they ne'er pardon who have done the wrong.—Dryden.

Barring None

CANADA LOOKS AT PEACE

THE CANADIAN government, like those of the rest of the allied world, is sensibly figuring that this war might last till 1945. Every wise leader knows that the only way to be sure of beating Germany is to throw everything that we ourselves can throw into the struggle.

Nevertheless, it is equally clear that peace might "break out" next month, or next year, with startling suddenness. No living soul can tell at what exact time the break-up will occur in the German army, or the upheaval occur throughout all Europe.

Peace will bring to Canada problems almost as serious as those of war. Certainly they will call for a high degree of statesmanship. When we remember that the unemployment problems of the thirties were solved only partially by the time this war broke out—and then almost entirely by reason of the international preparations for war itself—it is obvious that there must be an entirely new approach.

FEED THEM FIRST

Someone once wrote about a character in fiction who said: "I have had a great many troubles—most of which never happened." Most of the terrible things that many of us feared were coming on the world—at about this time last year—have not come to pass. One of the features about the so-called "capitalistic" system is that nobody can tell exactly what it will do next. Maybe it has a new lease of life and prosperity before it. Maybe not.

One thing that is certain is that the minute the war ends, and the seas are free to commerce, there will be a temporarily unlimited demand for many of the things Canada has to sell. Our 500,000,000 bushel carry-over of wheat will disappear as fast as ships can be found to carry it—provided steps are taken now to provide means of payment.

Canada alone certainly cannot carry the load of feeding a starving continent. Whatever powers are associated in the bringing of

SHADES OF JACQUES CARTIER!

From Edmonton Journal
The council of Delhi, Ontario, recently had a request from a delegation of townsfolk to prohibit anyone speaking anything but English on the town's streets. Foreign languages were not wanted! Wonder how long these people will stand for their town being called by a name imported from India!

NOTHING LOST

From Efficiency Magazine
A woman went to the bank and asked for a new cheque book. "I've lost the one you gave me yesterday," she said. "But it doesn't matter. I took the precaution of signing all cheques as soon as I got it—so, of course, it won't be any use to anyone else."

Farsighted tin importers wonder if the United States will have a surplus of tin after the war—John H. Caldwell, associate editor, Daily Metal Trade.

JAPAN'S NEXT MOVE

Joseph G. Harrison in Christian Science Monitor
Japan now stands before perhaps the most important decision of its existence as a modern nation—how far it can afford to push the United States and Great Britain.

Better English

1. What is wrong with this sentence? "All that is hearsay."
2. What is the correct pronunciation of "drollery"?
3. Which one of these words is misspelled? Militant, mineralize, milage.
4. What does the word "vibrant" mean?
5. What is a word beginning with la that means "weak"?

ANSWERS
1. "All that is conjecture" is preferable. 2. Pronounce the o as in roll, not as in doll. 3. Mileage. 4. Vibrating; pulsing. "The city was vibrant with life and energy." 5. Languid.

A TWO FOLD SERVICE through the new "VICTORY POLICY"

Canada needs your investments in War Savings Certificates and other war loans. But adequate insurance protection for your family is necessary as well. In this new "Victory Policy," The Mutual Life of Canada offers a plan which allows you to aid your country and, at the same time, give your family needed financial protection.

Premiums are exceedingly low for a fixed period of years to help you invest in War Savings Certificates. And even at the end of this period, when the rate is adjusted, the premium is still lower than you would normally pay. You will be able to use the proceeds of your War Savings Certificates as they mature to pay the premiums.

PERMANENT PROTECTION
The "Victory Policy" is a permanent plan of life insurance. It has been specially prepared to meet your immediate needs and to provide future protection as well. It is especially attractive to men and women with modest incomes.

Ask your nearest Mutual Life representative for complete details of this plan. Or write to The Mutual Life of Canada, Waterloo, Ont.

Operations May Invite Disease

AKRON, O. (AP)—An authority on infantile paralysis declares throat and mouth operations in late summer, when the disease is most prevalent, may invite it to strike.

Dr. John A. Toomey of Cleveland, professor at Western Reserve University and a member of the National Infantile Paralysis Foundation, made this observation after deaths of three of five children in one family who were stricken with the bulbar type of infantile paralysis two weeks after their tonsils were removed.

The removal of tonsils apparently left a "portal of entry" for the poliovirus virus to travel through the nerve tract to the brain, said the researcher, called in consultation on the cases.

The victims, children of Mr. and Mrs. Anthony Y. Klein, were Margaret Ann, six; Edward, 11, and Ruth Marie, nine. Two of their brothers—William, seven, and Joseph, eight—are in critical condition. A sixth child, two-year-old Leonard, did not undergo a tonsillectomy, and apparently escaped the disease.

"This is the first time a connection has been so obvious between the opening of a portal of entry for the disease and its contraction," said Dr. Toomey. "Any mouth or throat operation may make the nerve tissue vulnerable for three or four weeks until a new membrane has a chance to grow over the denuded area."

Glaring Errors In War Games

FORT LEWIS, Wash. (AP)—Troops and officers alike came in for stern and vigorous criticism of Maj.-Gen. Kenyon A. Joyce in a critique of the United States northwest war games issued by the ninth army corps commander. Troop morale was praised but many glaring errors were pointed out in the remarks directed at the 50,000 troops with emphasis laid on delays in advancing attacks.

Failure of motor vehicle units to comply with orders created inexcusable road jams, Gen. Joyce said. "Too much stress cannot be placed on the necessity of keeping adequate distance between vehicles when there is danger of air attack."

Slow-moving vehicles in columns of combat attack units hampered all traffic and should have been moved separately, he said.

Aerial observers failed disappointingly and not one hostile artillery battery was reported. Also included in the general's censure was the organic anti-tank warning system and lack of necessary communication equipment; lack of training shown by provisional units; failure of wire used in field communication outfits; location of command posts in school houses, which are vulnerable and easily located from the air while towns and cities are ideal because the posts can't be located from the air; lack of realism, and inadequate ammunition supply.

"In one instance, a unit remained entrucked while red infantry fired from a flank into the column at a range of 150 yards. The fire was ignored and the column moved on when the road block was removed," he said.

Food supplies were criticized for containing too little fresh beef and the noon sandwich meal was deemed unsatisfactory.

"Superior menus and proper rations during war manoeuvres have become a proven necessity," the commander said.

Bonuses Debated

HAMILTON, Ont. (CP)—The order-in-council recommending cost-of-living bonuses instead of wage increases during wartime, P.C. 7440, led to spirited discussion at the Canadian Congress of Labor convention yesterday and the assertion by President A. R. Mosher that "any time the workers feel that I can't properly represent them in this office, I have no desire to remain."

Mosher's assertion came in reply to a delegate who said that those who endorsed P.C. 7440 "will have to go."

James Johnston of Sydney, N.S., said P.C. 7440 "is the cause of a great deal of the unrest which now exists in Nova Scotia."

James Robertson of the Vancouver Island Labor Council was the first to describe P.C. 7440 as "the most vicious anti-labor legislation" existing in Canada today, adding those who endorsed it "have to go."

The prong-horned antelope is the only antelope in the world with branched horns.

'French' Line to Brazil Planned By Nazis

ZURICH (ONA)—German plans are nearing completion for the opening of a French trans-Atlantic airline between Dakar on the west African coast and Natal, Brazil, it was learned here today.

Nazi pressure was understood to have been applied on the Brazilian government.

The airline, under nominal French control, would serve to give the Germans a strong foothold in Dakar, jumping-off place for the western hemisphere, without arousing American suspicions, informed sources indicated.

Already under way in France is a Nazi program of transport aircraft production, calling for 10,000 planes to be turned out by the end of 1942 for use in North Africa, it was said.

A 40-ton seaplane was reported

to be under construction in the Cams works at Sartrouville, near Paris, where the Nazis have authorized the building of 50 DO-36's. At the Societe de Centre plant at Bouguenels near Nantes, 600 JU-52's are on the production line, it was learned. These are all intended for the transport service, it was stated.

Japs to Search Ocean for Scrap Iron

SHANGHAI (ONA)—Japan plans to search the ocean's bed in her acute need for scrap iron, and a great Salvage Union under government control has been organized for the purpose, it was learned here today.

East Asiatic waters are understood to be rich in rusting ship hulks, it being estimated that as many as 50,000 tons of shipping are lost in these waters annually.

A flicker may eat 3,000 ants at one meal.

Freedom Sought For Anti-Fascists

By KENNETH E. CHISHOLM

HAMILTON, Ont. (CP)—A resolution dealing with the "Defence of Canada Regulations, urging their amendment," was passed by the Canadian Congress of Labor in convention here after lengthy discussion.

The resolution also called for "a fair and just trial for those members of the trade union movement who are now interned, at the earliest date possible."

"Be it again resolved," the resolution added, "that the government pursue a policy of great vigilance with respect to known Fascists being released from internment unless on account of extremely dangerous illness."

An amendment had been offered to the resolution asking "that the congress demand release immediately of all anti-Fascist workers interned under the defence regulations, with special reference to Pat Sullivan, president of the Canadian Seaman's Union; Jack Chapman (secretary of the Fishermen's section of the Canadian Seaman's Union); C. S. Jackson, vice-president of the United Radio, Electrical and Machine Workers of America; and Bruce Magnusson (of the United Brotherhood of Carpenters and Joiners of America) and . . . that this congress urge amendments to the regulations calling for a fair and open trial for all persons accused under the regulations."

A Vancouver delegate said that "when we go to see employers we are threatened with the War Measures Act. I am going to fight until all interned anti-Fascists are released." This delegate declared "you don't have to

Corporate System Seen on Way

ST. JEROME, Que. (CP)—Rev. Louis Chagnon, former professor at the Gregorian Institute in Rome, said in an address here the world needs "a political economy better regulated by a government which would control and watch over everything."

Speaking to the annual convention of the Quebec Retail Merchants' Association Father Chagnon said "a reform in structure is coming about, a reform which should be more proportioned to the needs of the middle classes. . . . It must not be forgotten," he added, "that a corporate system will rise up one day. It does

be a Communist to be in an internment camp—all you have to do is to go out and work for the Labor movement. This is the capitalists' last chance to make profits, and they are going to make them."

not consist of a totalitarian system, but of a system for the better interest of the population."

Hon. Oscar Drouin, Quebec minister of municipal affairs, trade and commerce, said Quebec province "is in this war to win it and win it we will by making all the sacrifices asked of us."

He said he believed "in corporatism as something complementary to democracy. If it is anti-democratic I am against it."

"Everyone desires the victory of our forces on the battlefield."

'Death Ray Matthews' Dead in Wales

LONDON (CP)—Harry Grinell-Matthews, 61, electrical research scientist known as "Death Ray Matthews," is dead of a heart attack in his lonely, carefully-guarded laboratory bungalow on the top of a mountain near Swansea, Wales. He had been ill several months.

Sizes 11 to 2 \$0.60c

Leatherette Slippers with dome fastening or felt uppers with zipper and velvet collar, padded chrome soles. Sizes 5 to 10 \$0.75c

Sizes 11 to 2 \$0.85c

—Women's Shoes, Bargain Highway.

Roosevelt Text

'Axis Ships Enter Atlantic at Own Peril'

WASHINGTON (AP) — The text of President Roosevelt's address follows:

My Fellow Americans: The Navy Department of the United States has reported to me that on the morning of September 4 the United States destroyer Greer, proceeding in full daylight towards Iceland, had reached a point southeast of Greenland. She was carrying American mail to Iceland. She was flying the American flag. Her identity as an American ship was unmistakable.

She was then and there attacked by a submarine. Germany admits that it was a German submarine. The submarine deliberately fired a torpedo at the Greer, followed later by another torpedo attack. In spite of what Hitler's propaganda bureau has invented, and in spite of what any American obstructionist organization may prefer to believe, I tell you the blunt fact that the German submarine fired first upon this American destroyer without warning, and with deliberate design to sink her.

Our destroyer, at the time, was in waters which the government of the United States had declared to be waters of self-defence—surrounding outposts of American protection in the Atlantic.

U.S. Outposts Cover Wide Area

In the north, outposts have been established by us in Iceland, Greenland, Labrador and Newfoundland. Through these waters there pass many ships of many flags. They bear food and other supplies to civilians; and they bear material of war, for which the people of the United States are spending billions of dollars, and which, by Congressional action, they have declared to be essential for the defence of their own land.

The United States destroyer, when attacked, was proceeding on a legitimate mission.

If the destroyer was visible to the submarine when the torpedo was fired, then the attack was a deliberate attempt by the Nazis to sink a clearly identified American warship. On the other hand, if the submarine was beneath the surface and, with the aid of its listening devices, fired in the direction of the sound of the American destroyer without even taking the trouble to learn its identity—as the official German communiqué would indicate—then the attack was even more outrageous. For it indicates a policy of indiscriminate violence against any vessel sailing the seas—belligerent or nonbelligerent.

This was piracy—legally and morally. It was not the first nor the last act of piracy which the Nazi government has committed against the American flag in this war. Attack has followed attack.

International Law, Humanity Violated

A few months ago an American flag merchant ship, the Robin

Moor, was sunk by a Nazi submarine in the middle of the south Atlantic, under circumstances violating long-established international law and every principle of humanity. The passengers and the crew were forced into open boats hundreds of miles from land, in direct violation of international agreements signed by the government of Germany. No apology, no allegation of mistake, no offer of reparations has come from the Nazi government.

In July, 1941, an American battleship in North American waters was followed by a submarine which for a long time sought to manoeuvre itself into a position of attack. The periscope of the submarine was clearly seen. No British or American submarines were within hundreds of miles of this spot at the time, so the nationality of the submarine is clear.

Five days ago a United States navy ship on patrol picked up three survivors of an American-owned ship operating under the flag of our sister republic of Panama—the S. S. Sessa. On August 17, she had been first torpedoed without warning, and then shelled, near Greenland, while carrying civilian supplies to Iceland. It is feared that the other members of her crew have been drowned. In view of the established presence of German submarines in this vicinity, there can be no reasonable doubt as to the identity of the attacker.

4 of 5 Vessels Flew U.S. Flag

Five days ago, another United States merchant ship, the Steel Seafarer, was sunk by a German aircraft in the Red Sea, 220 miles south of Suez. She was bound for an Egyptian port.

Four of the vessels sunk or attacked flew the American flag and were clearly identifiable. Two of these ships were warships of the American navy. In the fifth case, the vessel sunk clearly carried the flag of Panama.

In the face of all this, we Americans are keeping our feet on the ground. Our type of democratic civilization has outgrown the thought of feeling compelled to fight some other nation by reason of any single piratical attack on one of our ships. We are not becoming hysterical or losing our sense of proportion. Therefore, what I am thinking and saying does not relate to any isolated episode.

Instead, we Americans are taking a long-range point of view in regard to certain fundamentals and to a series of events on land and on sea which must be considered as a whole—as a part of a world pattern.

It would be unworthy of a great nation to exaggerate an isolated incident, or to become inflamed by some one act of violence. But it would be inexcusable folly to minimize such incidents in the face of evidence which makes it clear that the incident is not

ATTACKED THE U. S. DESTROYER GREER

THE UNITED STATES NAVY will now shoot first when it sees Axis submarines or surface raiders in the Atlantic. There will be no more Greer incidents, if Uncle Sam's sailors can help it. This picture of President Roosevelt was taken just a few days ago. Below is a U.S. destroyer of the Greer type and above the type of Nazi submarine that is preying on Atlantic shipping.

isolated, but part of a general plan.

The important truth is that these acts of international lawlessness are a manifestation of a design which has been made clear to the American people for a long time. It is the Nazi design to abolish the freedom of the seas, and to acquire absolute control and domination of the seas for themselves.

U.S. Domination Second Step

For with control of the seas in their hands, the way can become clear for their next step—domination of the United States and the western hemisphere by force. Under Nazi control of the seas, no merchant ship of the United States or of any other American republic would be free to carry on any peaceful commerce, except by the condescending grace of this foreign and tyrannical power. The Atlantic Ocean which has been, and which should always be, a free and friendly highway for us would then become a deadly menace to the commerce of the United States, to the coasts of the United States, and to the inland cities of the United States.

The Hitler government, in defiance of the laws of the sea and of the recognized rights of all other nations, has presumed to declare, on paper, that great areas of the seas—even including a vast expanse lying in the western hemisphere—are to be closed, and that no ships may enter them for any purpose, except at peril of being sunk. Actually they are sinking ships at will and without warning in widely separated areas both within and far outside of these far-flung pretended zones.

This Nazi attempt to seize control of the oceans is but a counter-part of the Nazi plots now being carried on throughout the western hemisphere—all designed toward the same end. For Hitler's advance guards—not only his avowed agents but also his dupes among us—have sought to make ready for him footholds and bridgeheads in the new world, to be used as soon as he has gained control of the oceans.

His intrigues, his plots, his machinations, his sabotage in this new world are all known to the government of the United States. Conspiracy has followed conspiracy.

German Plottings In South America

Last year a plot to seize the government of Uruguay was smashed by the prompt action of that country, which was supported in full by her American neighbors. A like plot was then hatching in Argentina, and that government has carefully and wisely blocked it at every point. More recently, an endeavor was made to subvert the government of Bolivia. Within the past few weeks the discovery was made of secret air landing fields in Colombia, within easy range of the Panama Canal. I could multiply instance upon instance.

To be ultimately successful in world mastery, Hitler knows that he must get control of the seas. He must first destroy the bridge of ships which we are building across the Atlantic, over which we shall continue to roll the implements of war to help destroy him and all his works in the end. He must wipe out our patrol on

sea and in the air. He must silence the British navy.

It must be explained again and again to people who like to think of the United States navy as an invincible protection, that this can be true only if the British navy survives. That is simple arithmetic.

For if the world outside the Americas falls under Axis domination, the shipbuilding facilities which the Axis powers would then possess in all of Europe, in the British Isles, and in the Far East would be much greater than all the shipbuilding facilities and potentialities of all the Americas—not only greater, but two or three times greater. Even if the United States threw all its resources into such a situation, seeking to double and even redouble the size of our navy, the Axis powers, in control of the rest of the world, would have the man-power and the physical resources to outbuild us several times over.

Romantic Notions Delude Americans

It is time for all Americans of all the Americas to stop being deluded by the romantic notion that the Americas can go on living happily and peacefully in a Nazi-dominated world.

Generation after generation, America has battled for the general policy of the freedom of the seas. That policy is a very simple one—but a basic, fundamental one. It means that no nation has the right to make the broad oceans of the world at great distances from the actual theatre of land war, unsafe for the commerce of others.

That has been our policy, proved time and time again, in all our history.

Our policy has applied from time immemorial—and still applies—not merely to the Atlantic but to the Pacific and to all other oceans as well.

Unrestricted submarine warfare in 1941 constitutes a defiance—an act of aggression—against that historic American policy.

It is now clear that Hitler has begun his campaign to control the seas by ruthless force and by wiping out every vestige of international law and humanity.

His intention has been made clear. The American people can have no further illusions about it.

No tender whisperings of appeasers that Hitler is not interested in the western hemisphere, no soporific lullabies that a wide ocean protects us from him—can long have any effect on the hard-headed, far-sighted and realistic American people.

Face to Face With Cruel Facts

Because of these episodes, because of the clear, repeated proof that the present government of Germany has no respect for treaties or for international law, that it has no decent attitude toward neutral nations or human life—we Americans are now face to face not with abstract theories but with cruel, relentless facts.

This attack on the Greer was no localized military operation in the north Atlantic. This was no mere episode in a struggle between two nations. This was one determined step towards creating a permanent world system based on force, terror and murder.

And I am sure that even now the Nazis are waiting to see

actually had them by the throat. The United States will not make that fatal mistake.

Defence Bulwarks To Be Maintained

No act of violence or intimidation will keep us from maintaining intact two bulwarks of defence: First, our line of supply of material to the enemies of Hitler, and second, the freedom of our shipping on the high seas.

No matter what it takes, no matter what it costs, we will keep open the line of legitimate commerce in these defensive waters.

We have sought no shooting war with Hitler. We do not seek it now. But neither do we want peace so much, that we are willing to pay for it by permitting him to attack our naval and merchant ships while they are on legitimate business.

I assume that the German leaders are not deeply concerned by what we Americans say or publish about them. We cannot bring about the downfall of Nazism by the use of long-range invective.

But when you see a rattlesnake poised to strike you, you do not wait until he has struck before you crush him.

These Nazi submarines and raiders are the rattlesnakes of the Atlantic. They are a menace to the free pathways of the high seas. They are a challenge to our sovereignty. They hammer at our most precious rights when they attack ships of the American flag—symbols of our independence, our freedom, our very life.

It is clear to all Americans that the time has come when the Americas themselves must be defended. A continuation of attacks in our own waters, or in waters which could be used for further and greater attacks upon us, will inevitably weaken American ability to repel Hitlerism.

Time for Active Defence Is Now

Do not let us split hairs. Let us not ask ourselves whether the Americas should begin to defend themselves after the fifth attack, or the 10th attack, or the 20th attack.

The time for active defence is now. Normal practices of diplomacy—note writing—are of no possible use in dealing with international outlaws who sink our ships and kill our citizens.

One peaceful nation after another has met disaster because each refused to look the Nazi danger squarely in the eye until it

If submarines or raiders attack in distant waters, they can attack equally well within sight of our own shores. Their very presence in any waters which America deems vital to its defence constitutes an attack.

In the waters which we deem necessary for our defence, American naval vessels and American planes will no longer wait until Axis submarines lurking under the water, or Axis raiders on the surface of the sea, strike their deadly blow—first.

on our naval and air patrol—now operating in large numbers over a vast expanse of the Atlantic Ocean—falls the duty of maintaining the American policy of freedom of the seas—now. That means, very simply and clearly, that our patrolling vessels and planes will protect all merchant ships—not only American ships but ships of any flag engaged in commerce in our defensive waters. They will protect them from submarines; they will protect them from surface raiders.

This situation is not new. The second President of the United States, John Adams, ordered the United States navy to clean-out European privateers and European ships of war which were in the Caribbean and South American waters, destroying American commerce.

The third President of the United States, Thomas Jefferson, ordered the United States navy to end the attacks being made on American ships by the corsairs of the nations of North Africa.

My obligation as President is historic; it is clear; it is inescapable.

It is not an act of war on our part when we decide to protect the seas which are vital to American defence. The aggression is not ours. Ours is solely defence.

Clear Warning, At Own Peril

But let this warning be clear. From now on, if German or Italian vessels of war enter the waters, the protection of which is necessary for American defence, they do so at their own peril.

The orders which I have given as commander-in-chief to the United States army and navy are to carry out that policy—at once.

The sole responsibility rests upon Germany. There will be no shooting unless Germany continues to seek it.

That is my obvious duty in this

crisis. That is the clear right of this sovereign nation. That is the only step possible, if we would keep tight the wall of defence which we are pledged to maintain around this western hemisphere.

I have no illusions about the gravity of this step. I have not taken it hurriedly or lightly. It is the result of months and months of constant thought and anxiety and prayer. In the protection of your nation and mine it cannot be avoided.

The American people have faced other crises in their history—with American courage and American resolution. They will do no less today.

They know the actualities of the attacks upon us. They know the necessities of a bold defence against these attacks. They know that the times call for clear heads and fearless hearts.

And with that inner strength that comes to a free people conscious of their duty and of the righteousness of what they do, they will—with divine help and guidance—stand their ground against this latest assault upon their democracy, their sovereignty, and their freedom.

Must Destroy Dog

Destruction of the part police dog owned by Miss Pearl Kinnaird, Royal Oak, unless its owner can find a suitable home for it elsewhere in the next three days, was ordered by Magistrate H. C. Hall in Saanich Police Court Thursday afternoon.

Action was taken after the dog, weighing about 100 pounds, had attacked nine-year-old Arnold Goyette on property adjoining Miss Kinnaird's home, September 5.

Ernest Stanley Goyette, father of the boy, testified the dog had attacked the lad while he was in the bush, but had been driven off after it had bitten Arnold in the thigh.

Miss Kinnaird sought to establish the dog had scratched the boy with his paws, that he had a bad habit of jumping up on people, but that he did not bite. The animal was kept in an enclosure in her yard and had been plagued by children, she said.

"I'm satisfied the dog bit the child and I have no alternative but to order his destruction unless you can find a satisfactory home for him elsewhere," Magistrate Hall stated.

Short cut to SUPERB CHEESE SAUCE

...this rich, mild cheese food that always melts smooth

This tempting cheese food is rich in milk minerals and milk protein. Supplies vitamins A and G. And is digestible as milk itself! So when you spread Velveeta's golden goodness for the children's snacks, slice it or cook with it, you know you are adding valuable nutrition to the diet.

EASY RECIPE:

Just melt ½ pound of Velveeta in top of a double boiler. Stir in ½ cup of milk. Serve that rich, golden sauce in vegetables, seafood, eggs! Or season it and serve, as a Welsh Rabbit, on toast.

In half-pound packages and a thrifty 2 pound loaf

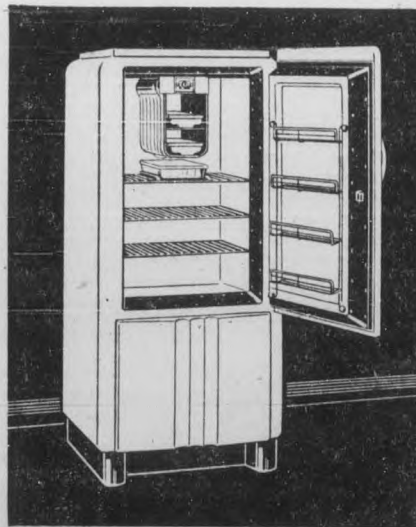

SPREADS, SLICES, TOASTS, MELTS PERFECTLY!

It's our duty to keep fit!

In these trying days good health is of prime importance. Safeguard it carefully. Make sure you are getting the proper food—all you need in nutrition value... make sure of those precious vitamins. Your health depends so much on what you eat. Keep your food in a modern REFRIGERATOR and you'll know it's safely preserved—in constant electric cold.

You'll be surprised how far the food dollars go when you own a refrij.

For dependable refrigeration service—choose General Electric—it gives you exactly the right conditions for every food storage need.

Here's a General Electric Refrij that will just fill your needs. Storage capacity is 4 ½ cu. ft.—usable to the last inch—see that handy Stor-a-Dor! There's a glass chiller tray—Flexible Grid ice tray—Tel-a-Frost Indicator—Frozen Food Compartment in Evaporator—portable Vegetable Crisper Pan and Cover (not shown).

A special meeting of the war conveners of the I.O.E. will be held Monday evening at 7.45 at headquarters.

The Alpha group of Metropolitan United W.A. were guests of the president, Mrs. J. T. Williams, at the meeting at her home on Thursday afternoon. Devotional exercises were conducted by Mrs. J. E. Redman, who also read an article by Pastor Martin Niemöller on "What Hitler Told Me About Christianity." Plans for the lunch at the church on September 23 and for the tea on October 1 were discussed and the group decided on the fancywork stall, cafeteria supper and special features to be undertaken at the Fall Fair early in November. Mrs. D. C. Sabiston, Carroll Street, will entertain the group in October.

Mrs. Blanche D. Walker, P.E.O. Supreme President.

Victorian First Canadian Named to P.E.O. Board

To Mrs. Blanche D. Walker of Helena, Montana, will fall the honor of leading the 70,000 members of P.E.O. for the next two years, for at the concluding session of the 35th biennial convention last night at the Crystal Garden she was elected president of the Supreme Chapter, succeeding Mrs. Veda M. Jones of Portland.

VICTORIAN HONORED

Mrs. P. B. Scourrah of Victoria was signally honored in being named corresponding secretary, this being the first time that a Canadian has been named to the supreme board.

Other officers chosen were: Mrs. Carrie B. Simpson of Grand Forks, North Dakota, was named first vice-president; Mrs. Dorothy Weller, Glendale, California, second vice-president; Mrs. Laura Storms Knapp, of Ames, Iowa, recording secretary; Mrs. Bessie Raney, of Chicago, organizer, and Mrs. Winona Evans Reeves, of Chicago, editor of the P.E.O. Record.

Miss Rose Owen of Omaha, Nebraska, was named treasurer.

The 1943 convention of Supreme Chapter will be held in Detroit, Michigan.

NOVEL DEMONSTRATION

The announcement of Mrs. Walker's election elicited a novel demonstration from the delegates

of her home state, Montana. With blankets over their shoulder and with feather quills in their hair, they formed a group who chanted an Indian call, and then presented Mrs. Walker with a pair of Hudson's Bay blankets as a souvenir of the Victoria convention.

Business was expedited with such success that it was all concluded "last night," obviating the holding of the session arranged this morning and permitting delegates and visitors to do some shopping. This morning the newly-elected Supreme board held a business session in the viceregal suite, winding up the affairs of the convention and attending to the various matters needing immediate attention.

INSTALLATION

With colorful ceremonial, the new officers for 1941-1943 were duly installed, after which Almee Fort of Massachusetts rendered "A Tribute," to the tune of the Londonderry Air, this being followed by the benediction and the closing ceremonies.

At the afternoon session past presidents of Supreme Chapter brought greetings: Mrs. Florence Hawley Wright of New York reported for the committee on state chapter by-laws; Mrs. Bess Jones of Price, Utah, reported for state chapters; Mrs. Bess K. Thomas of Tucson, Arizona, read the report of subordinate state chapters, and Mrs. Elsa Vaught of Port Smith, Arkansas, reported on the subject of subordinate state chapter year books. The work of the finance committee was recorded by Mrs. Chellie S. Wright of Denver, Colorado, and Mrs. Eva Hunter of Oklahoma, read the report of the courtesy committee.

Red Cross Notes

COLUMBA UNIT

Twelve members of the Columba unit of the Red Cross Society met in the Strawberry Vale Hall Wednesday afternoon with the convener, Mrs. E. G. Alcock, in the chair. A tea and sale in aid of Red Cross funds is to be arranged for November. The next meeting will be held in the hall.

A large amount of work was returned as follows: Women's helmets, 11; aero-helmets, 10; women's long stockings, 2; rifle mits, 7 pairs; whole mitts, 2 pairs; gloves, 2 pairs; body belts, 3; pyjamas, 12; property bags, 12; babies' pants, 23; bloomers, 1; bedpan covers, 24; handkerchiefs, 12. Tea was served by Mrs. R. Wilkinson.

Engagements

THORNTON-DONALD

Mr. J. W. Donald, Firwood Lodge, announces the engagement of his younger daughter, Frances, to Mr. A. W. Thornton, only son of the late Mr. C. G. Thornton and Mrs. Thornton. The marriage will take place next month in Montreal.

Hurry! Foster's are extending their August Fur Sale for a few days.

DELIVERED WITHIN
 3-MILE CIRCLE
B.C. ELECTRIC

Social and Personal

Mr. and Mrs. Tom Brown, Beach Drive, have left for a motor trip to the Cariboo.

Mrs. Leo Hanafin of Vancouver is visiting Mr. and Mrs. R. D. Hoyt, 924 Heywood Avenue.

Miss Bette Hughes, 1022 Chamberlain Street, returned to her home this week, after spending the summer at Emerald Lake Chalet, B.C.

Miss Flora White, 1204 Clover Street, is expected home in about a week from Emerald Lake Chalet, where she has been spending the summer.

Dr. and Mrs. Walter Kluckauf have returned to New York to continue their studies at Columbia University after spending the summer at the Empress Hotel.

Miss Verna Taylor, who has spent two months with her father, Mr. J. Taylor, "Strangholme," Langford, returned to her teaching duties in Vancouver Wednesday.

Mr. William H. Hargrave of Carmel-by-the-Sea, formerly manager of the Canadian Bank of Commerce here, has returned to the south after being a guest at the Empress Hotel.

Miss Gladwyn Beasley, St. Charles Street, has returned home from a month's holiday visiting friends in New Brunswick and eastern Canada, stopping in Montreal and Toronto en route home.

Mrs. Treva Hoey and her small daughter, Judy, has returned from Truro, N.S., where she has been residing with her husband for the last year, and is the guest of her parents, Mr. and Mrs. H. S. Hughes, 1022 Chamberlain Street, for a few weeks prior to going to Duncan to visit her husband's parents, Mr. and Mrs. Ferguson Hoey.

Mrs. K. Ryves and Miss K. Harris entertained Wednesday evening at a linen and towel shower in honor of Miss Peggy Ryves, who is leaving shortly for southern California where her marriage will take place towards the end of the month. The invited guests were Mesdames R. A. Wiper, M. MacDonald, N. Gyles, P. Porter, R. Ryves and B. Gelling, and the Misses F. McDougall, G. Milne, N. Hume and L. Putnam.

Miss Verna Yarrow, daughter of Mr. and Mrs. Norman A. Yarrow, Foul Bay Road, will leave Saturday for Ottawa to attend Elmwood School. She will be accompanied by her sister, Miss Cynthia Yarrow, who will spend about a month visiting friends in Ottawa, Montreal and Toronto. Miss Mary Brackley, who has been the guest of Mr. and Mrs. Yarrow since her arrival from England for the duration of the war, has left to attend Macdonald College, Ste. Anne de Bellevue, near Montreal.

Miss June Warren, a September bride-elect, was the guest of honor when Mrs. V. Dear and Mrs. W. R. Coles entertained at the home of the latter, Queens Avenue, Wednesday evening, with a miscellaneous shower. On her arrival the bride-to-be was presented with a corsage bouquet of pink carnations, and found her pretty gifts arranged upon a decorated tea-wagon. Several amusing games and contests were enjoyed, the winners being Miss H. Chalk, Miss L. Klossan, Miss J. Warren and Mr. Ernie Brandt. Refreshments were served from a table centred with a pretty arrangement of varicolored gladioli. The invited guests were: Mesdames H. Shingles, J. R. Short, A. E. Chalk, M. Morgan, J. Donovan, A. J. Ferguson, W. R. Coles and V. Dear; Misses K. Morris, L. Klossan, J. Warren, H. Chalk, B. Jones, J. Short and A. Campbell, and Messrs. E. Brandt, I. McVean, J. Brown and W. R. Coles.

In honor of her cousin, Miss Phoebe Riddle, who will marry Mr. Jack Noble, Saturday, Mrs. William Clarke, who will be matron-of-honor at the wedding, entertained at a miscellaneous shower Wednesday evening at her home at the corner of Terry Road and University Street. The guest of honor was presented with a quaint colonial corsage of garden vegetables, tiny beets, carrots and onions being artistically arranged against a cabbage leaf background. Gifts were hidden throughout the house, the bride-to-be finding them by following long colored streamers to which they were attached. Games were played during the evening, winners being Mrs. Walter Riddle, Mrs. E. Richardson, Mrs. S. Bell and Miss Leah Noble, the latter being the groom's sister, and the bride's attendant at the wedding. Supper was served, the dining table being centred with a charming arrangement of pink and peach gladioli and roses. Other guests were Mesdames L. Matthews, G. Riddle, B. Sinclair, J. Maddigan, T. Riddle, L. Hanford, J. J. Riddle, H. Noble and E. Sturgess.

This afternoon at her home on Prospect Place, Mrs. A. D. Bechtel entertained a few friends at the tea hour.

Miss Ruth Whiteoak has returned home after spending the past four months visiting Mr. and Mrs. Fred Sutton of Toronto.

Mr. and Mrs. R. W. Gibson, York Place, Oak Bay, have as their guest Mrs. Gibson's sister, Mrs. T. A. Powell of Edmonton.

Brigadier and Mrs. R. J. Orde of Ottawa left this afternoon for their home in the east after visiting here for the last five days as guests at the Empress Hotel.

Mrs. C. B. Jones of Sacramento, who has been spending a few days with her brother-in-law and sister-in-law, Dr. and Mrs. A. D. Bechtel, Prospect Place, left this afternoon for her home in the south.

Lieut. D. I. C. Palmer and Mrs. Palmer of Victoria left Saturday for Nanaimo to travel by motor to Calgary, where the former is completing a two-months' army training course after graduating this month from Gordon Head Military Camp. Mrs. Palmer, before her marriage in June, was Miss Mary Lindgren.

A miscellaneous shower was held recently at the home of Miss Ann Little, 3835 Carey Road, by the girls of Metropolitan Stores Limited in honor of Miss Esther (Tess) Johnstone, who will be married this month. The bride-to-be was given verses upon her arrival which gave her clues to a treasure hunt, at the end of which were hidden many attractive gifts. Later the guests sewed dusters for her new home. A buffet supper was served, with Mrs. R. MacDonald presiding at the urns and Miss Sheila MacDonald assisting. Other invited guests were: Mesdames R. A. Duncan, de Bourcier, Hughey, A. Jones, and the Misses Doris Hooper, Jean Kitching, Doris Griffin, Nina Smith, Edith Rundle, Audrey Stancil, Trudy Mason, June MacDonald, Pat Healy and Joan Cowdery.

Miss Ella Lock and Miss Hazel Corry were joint hostesses at their home, 1724 St. Ann Street, Wednesday evening when they entertained at a miscellaneous shower in honor of Miss Mollie Llewellyn who will be married shortly, the guests being members of their knitting group. The bride-to-be was presented with a corsage of pale pink carnations and many attractive gifts, artistically arranged on a lace-covered side table. Games were enjoyed during the evening, the winners being Mrs. T. Kirby, Miss Joan Pattinson, Mrs. R. King and Miss Elsie Eddy. Supper was served later. Other invited guests were Mesdames E. Keddell, F. B. Holm, J. E. Seeley, R. Sargent, H. Booth and B. Morgan, and the Misses Margaret Thom, Margaret Brien, Agnes Fish, Jean Embleton, Alice Twist, Lona Attfield and Lucille Mackay.

Mrs. Christy Harding, 982 Heywood Avenue, and her sister, Miss Dorothy Hobson, entertained last evening at a miscellaneous shower in honor of Miss Marjorie Shepherd, whose marriage to Mr. Bill Court will take place this month. Chrysanthemums in autumn shades were artistically arranged throughout the rooms. The bride-to-be received a colonial bouquet of pansies and maidenhair fern and little Elizabeth Harding, dressed in a colorful Mazurka frock, presented her with many attractive gifts in a container gaily decorated with bright bands of ribbon in the Mazurka motif. During the evening Miss Dorothy Harding rendered piano selections and Elizabeth Harding gave recitations and games were played, the winners being Mrs. E. Woodley and the guest of honor. Later a sit-down supper was served, the table being centred with a charming arrangement of yellow and bronze chrysanthemums, on either side of which were yellow tapers in crystal holders. Other guests were Mesdames H. J. Shepherd, H. Court, W. Harris, A. Slocumb, J. Court, W. Allen and J. Roberts, and the Misses Rita Shearing and Gwen Stokes.

In honor of Mrs. J. Dunlop, nee Gladys Morgan, a recent bride, and Miss Gladys (Peggy) Green, a double shower was held at the home of the Misses Jean and Helen Elliott, Lovat Avenue, Thursday evening. Bright red gladioli, golden-rod and yellow chrysanthemums decorated the rooms. Corsage bouquets of Talisman roses were presented to the guests of honor, and Mrs. Victor Green, mother of the bride-to-be, a "shower" of crepe paper falling from a decorated watering can suspended from the ceiling fell on the many pretty gifts that were presented to Mrs. Dunlop. A cleverly-made miniature bungalow, complete in detail, decorated with white crepe paper with a green roof, contained the many pretty gifts for Miss Green. Confetti was enjoyed, the winners being Misses Peggy Green, Nora

SALE OF FUR COATS

FOSTER'S have extended the August Sale of Furs for a few more days... the reductions are too numerous to mention!

Drop in and see the wonderful values! They are particularly wonderful because all fur prices are rising daily... but in spite of this fact this sale has been extended

Are You Nervous And All on Edge?

People suffering from loss of appetite and rundown condition due to nerve strain, often need a nerve food and general tonic. Glycerol Lecithin with Vitamin B(1) helps rebuild nerve tissue. It is especially beneficial for convalescents. By increasing the supply of Vitamin B(1) in the system, appetite is improved and the system built up to normal. \$1.00, at all Cunningham Drug Stores and other drug stores.

Beaver Theta Rho Girls' Club will meet tonight at 7.30 at the Odd Fellows' Hall, Douglas Street.

Lovely full-length Canadian Mink Coat, priced \$1,800, reducing to \$1,250! A wonderful value. Foster's Fur Store, 753 Yates Street.

WOMEN WANTED

38 to 52 years old. Women who are restless, moody, NERVOUS—who fear hot flashes, dizzy spells—to take Lydia E. Pinkham's Vegetable Compound. Pinkham's Compound is effective to help women during these "trying times" due to functional irregularities. Made in Canada. WORTH TRYING!

Is YOUR JOB always the same old grind?

Day after day the same routine? Fatigue but little exercise? Then be like Jim. Watch... your habits. Listless days, headaches, may simply mean incomplete elimination. So... what is needed is often more "bulk" in the diet to move food wastes promptly. Which... means get bulk in the natural, delicious way that you'll gladly make a daily habit!

A hint to those who have "the blues"

No need to go on feeling depressed, "headachy" from the results of incomplete elimination. No need for harsh cathartics, either! Instead, eat delicious KELLOGG'S BRAN FLAKES WITH OTHER PARTS OF WHEAT every morning in the year. Gently laxative in a natural way, they help supply valuable minerals and proteins too. And do they taste good! You'll surely go for their mouth-watering mellow flavour!

Start the Kellogg's Bran Flakes way tomorrow! Order the golden-yellow package—now in two convenient sizes. In restaurants ask for the triple-wrapped individual package. Made by Kellogg's in London, Canada.

KEEP FIT WITH KELLOGG'S

every day in the year

Take these two steps to health
 1. To get well, see your doctor
 2. To keep well, watch your habits

Especially with an indoor job, guard against incomplete elimination. But don't make matters worse with harsh cathartics. The wise course is to eat this tempting, mildly laxative cereal every day. Then you'll be sure of getting needed "bulk" right through the year. Don't put it off. Order Kellogg's Bran Flakes in the golden-yellow package now!

HIVES OF INDUSTRY AT THE P.E.O. convention were these booths manned by British Columbia members. Top, left, Mrs. H. S. Hurn, one of the moving spirits and secretary of the convention committee, tackles problems concerning tickets hither and yon, sightseeing trips, and a thousand and one other things; right, a feathered hat, gloves, hankies, find their way to this bureau of the missing, in charge of Mrs. A. R. McCauley of Vancouver; bottom, Mrs. G. Murphy, Victoria, has all the answers and what she didn't know, Miss Hazel Tompkins, right, of Montreal, C.P.R. representative, knew.

P.E.O. Paragraphs

"We've been asked to do everything but mind babies." This was forthcoming at the information desk where local P.E.O.'s have had a busy three days, endeavoring to tackle the many problems arising out of a gathering of nearly 2,000. Among the requests was an urgent call for a dentist by a delegate whose visibly swelling face did not subside until the offending molar had been removed. Twice it was necessary to enlist the services of local doctors for elderly visitors for whom the excitement had proved too much.

And speaking of doctors, casualties were suffered by several

delegates and visitors on their way to Victoria. One hardy soul arrived from the States with her enthusiasm unimpaired despite the fact that she was wearing a plaster cast on her foot and ankle. Another arrived with two black eyes, a skinned nose, and an injured ankle as the result of a fall.

A smart little hat with a jaunty feather was among the variety of articles left at the "Lost and Found" bureau at the convention headquarters. A rule of the P.E.O. sessions is that hats be removed to ensure all delegates getting an unrestricted view of the rostrum, and this attractive chapeau had been left and was not claimed for several days. Other things among the miscellany at the booth included a forlorn little "forgotten man"—a tiny scarlet-clad "mountie" who had lost his head—perhaps overwhelmed by so much femininity; the usual crop of umbrellas, a variety of handkerchiefs, scarfs, brooches and badges.

"What does P.E.O. mean?" This question has been asked thousands of times during the last week by Victorians intrigued by the mystic symbols, including taxi-drivers, bellhops, store clerks, housewives and the man on the street. "Pa Eats Out" is one of the solutions suggested by mere husbands, but some of the wags are even more disrespectful in their interpretations. One P.E.O. when tackled here by an inquisitive male with the inevitable question replied brightly, "People Eat Onions." As a guessing game, it has proved more popular than any crossword puzzle ever invented—and even after a week of convention the P.E.O.'s

are still the only ones who know all the answers.

"Say it with flowers" might have been the slogan of the P.E.O. convention. Hundreds of corsages ordered by the delegates and friends kept the local florists busy, gardenias and orchids being first favorites. At the dinner on Tuesday evening, loud speakers boomed out the names of over 40 unclaimed corsage bouquets ordered for P.E.O.'s and overlooked in the confusion caused by the arrival of nearly 2,000 from the United States.

Baggage difficulties harassed some of the delegates. One member from Oakland, Cal., on arriving at Portland, Oregon, found herself stranded with only an overnight case, her main luggage having gone astray at her home

town. It was still missing when she reached Victoria—sans evening clothes, sans valuable papers, sans everything!

It was another delegate from the southern state who appealed to a uniformed man at the Empress Hotel to search for her missing luggage, thinking he was a bell-hop. But although he turned out to be a Canadian naval officer and gallantly joined her in the search, it was not until a few minutes before the opening banquet that she ran the missing trunk to earth at the C.P.R. wharf. With the result that she made her appearance at the banquet late, but in blue chiffon dinner gown, flowers in her hair—and street shoes, but thrilled at having been "rescued" by the Canadian Navy!

WEDDINGS

DAVIDSON—WELSH

In the vestry of St. John's Church last evening at 8.30, Rev. Canon F. A. Chadwick united in marriage Doris Mary, youngest daughter of the late Sgt. James Welsh, Channel Islands, and Mrs. Florence Welsh, 627 Hillside Avenue, and Sydney Davidson of Victoria, second son of the late Mr. and Mrs. W. Davidson, Northumberland, England. The bride was given away by her eldest brother, Mr. Reginald J. Welsh of Seattle, and wore a silk crepe redingote of lotus blue with large picture hat and accessories in matching shade. The frock was shirred in the bodice, falling into a full gored skirt, and with it the bride wore a corsage of gardenias, pale pink rosebuds and mauve heather. Mrs. J. Potts acted as her sister's matron of honor, choosing a dusty rose afternoon frock with pin-tucked bodice and full skirt and black model hat and accessories and corsage of cream roses and mauve heather. Mr. J. Potts was groomsmen.

For the reception which followed at the home of the bride's mother, Mrs. Welsh was costumed in grey silk crepe with pleated skirt, the bodice being fastened at the neckline, her hat and accessories being black and her corsage was of pink carnations and mauve heather. The bride and groom stood between standards of golden rod, michaelmas daisies and gladioli in autumn shades, the fireplace being banked with yellow chrysanthemums. A three-tiered cake topped by a vase of pink sweetheart roses centred the bridal table, which was covered with a handworked madeira cloth, and completing the decorations were a silver bowl filled with pink pompon dahlias and four pink tapers.

For her honeymoon trip to Vancouver, the bride changed to a light wool frock of soldier blue.

with finger-tip jacket and accessories to match and a silver fox fur. On their return, Mr. and Mrs. Davidson will make their home at 344 Niagara Street.

RAFTER—CLARE

A pretty wedding took place on Monday, September 8, at St. Mark's Church, Halifax, N.S., when Rev. W. W. Clarkson united in marriage Marjorie Ethel, youngest daughter of Mr. and Mrs. C. W. Clare, Victoria, and Leading Seaman John Robertson Rafter, R.C.N., eldest son of Mr. and Mrs. G. Rafter of Victoria. In the absence of the bride's father on active service, she was given in marriage by P.O. Ernest Clements, R.C.N.R.

The bride was attired in a dusty rose ensemble cut on princess lines with navy accessories and a corsage of white gladioli and forget-me-nots.

She was attended by Miss Edith Clements, who wore a navy and grey ensemble and a corsage of pink gladioli and sweet peas. The groom was supported by Leading Seaman Reginald Chapman, R.C.N.

The reception was held at the home of Mrs. E. J. Clements, where friends of both bride and groom congratulated them. They received many beautiful gifts, among them a combination sandwich toaster and waffle iron from the ship's company.

After a short honeymoon the young couple will reside at 4 McCully Street, Halifax.

SMITH—MERRYFIELD

Baskets of pastel blossoms made an effective background in St. Barnabas' Church for the wedding last night at 8 of Lillian Blanche, youngest daughter of Mr. and Mrs. Frank Merryfield, 919 Pembroke Street, to George Smith, only son of Mr. and Mrs. E. H. Smith, West Saanich Road, Prospect Lake. Canon N. E.

Smith conducted the service, and the organist played the wedding music. As the register was being signed Miss Dolly Rutledge sang "O Promise Me."

Entering the church with her father, the bride wore a floor-length gown of white taffeta, made with V-neck and wide, puffed sleeves, her full-length veil of embroidered net falling from a coronet of orange blossoms. She carried a bouquet of carnations and roses, and her only ornament was a gold locket, the gift of the groom.

Her sister, Mrs. F. Bosson, was matron of honor in a floor-length frock of gold satin, with bolero, white mohair hat with crown of dusky rose flowers, and a bouquet of gold chrysanthemums, while Miss Florence Smith, sister of the groom, was bridesmaid, in a floor-length, bolero frock of pale blue sheer, with tiny white net hat, with blue and rose floral crown, her bouquet being of pastel gladioli. Little Irene Foot, niece of the bride, was flowergirl in a long yellow satin frock, with hat of pink petals topped with yellow roses, and carried a colonial bouquet. Mr. Clarence Foot was best man and Messrs. R. Midgley and Ben Ward acted as ushers.

A large number of guests were welcomed at the reception at St. Barnabas' Church, the young couple standing beneath a floral archway, flanked by baskets of pastel flowers. Mrs. Merryfield received in a gown of dusky rose silk with black accessories, and was assisted by Mrs. Smith, wearing a dress of air force blue silk, with navy accessories. Both wore pink and white carnations. The lace-covered table, with its silver vases of flowers, was centred with the three-tiered wedding cake, made and given by Mrs. Cantwell, an old friend, and decorated by the bride's father. Out-of-town guests included

Mrs. J. Goldstein, Monterey, Cal., Mr. Norman Luther, Boundary Bay, Miss F. Pusey and Mr. Allan Pusey, Sidney, and Miss Helen Giles, Port Alberni. After a honeymoon in Vancouver, for which the bride donned a navy suit and rose accessories, Mr. and Mrs. Smith will reside on Hillside Avenue.

FLETT—BURKHOLDER

The wedding was solemnized at the United Church Hall, Duncan, Thursday evening, at 8, of Mabel Bernice, second daughter of Mr. and Mrs. Arthur Burkholder, and Wallace Watson Flett, son of the late Mr. and Mrs. Peter Flett, Duncan. The bride's uncle, Rev. George Kettys, B.A., Stony Plain, Alberta, performed the ceremony, assisted by the Rev. W. F. Burns. The hall was decorated with gladioli, dahlias and greenery by girl friends of the bride. Mr. P. R. Dobson was at the organ and during the signing of the register Mrs. D. Morton sang "O Promise Me."

The bride wore an afternoon frock of silk crepe in an old-rose shade, hat to match with navy blue accessories, and corsage of rosebuds and lilies of the valley. Mrs. J. H. Gregory, the bride's sister, was matron of honor, wearing a dress of turquoise blue crepe, navy blue hat, and accessories and corsage of carnations. Mr. Maurice Flett was best man and Private Winston Burkholder, Victoria, and Mr. Ernest Flett were ushers.

After the ceremony a reception was held at the home of the bride's parents, where Mrs. Burkholder received the guests, in navy blue redingote dress, rose-colored hat, and corsage of carnations. She was assisted by the groom's aunt, Mrs. John Flett, wearing an ensemble in black, with corsage of red carnations. The house was decorated with roses and dahlias, the bride's table being covered with a lace cloth, the gift of her great-aunt, on which stood the three-tiered wedding cake, with a wedding ring and a Cupid on top. A buffet supper was served, Mrs. Alfred Goddard and Mrs. Fred Fielden officiating at the tea and coffee urns. Rev. W. F. Burns proposed the toast to the bride. The young couple left for a honeymoon motoring on the coast, the bride donning a coat

of teal blue cloth over her wedding outfit. Among the out-of-town guests were Dr. and Mrs. W. F. Morrison, Nanaimo; Mr. William Owen, Red Gap; Mr. and Mrs. C. Richardson, Sooke; Mr. and Mrs. J. H. Gregory, Pte. and

Mrs. A. E. Burkholder, Mr. W. Burkholder, Mr. Frank Ritz, Miss Helen Ritz and Messrs Jack and Allan Ritz, Victoria.

At one time in England, middle names were illegal.

Letters to the Editor

BIRTH RATES

From "World Population," p. 123, by A. M. Carr-Saunders (Clarendon Press, Oxford, 1936), the following figures are taken: For every 100 deaths in England and Wales during 1933, there were only 74 births. In Italy for the same number of deaths during the same year, there were 118 births. In Poland (1929) 130 births. In European Russia (1928), there were 170 births for each 100 deaths, making it pretty plain who is going to inherit the earth.

some of the poison the Bible has to offer its attackers. This note is forwarded with regret that such thoughts should come from such a learned man. Now I should like to ask Mr. Sanders how has the morality of early Christians negated torture, when Christians have never held the slightest particle of authority, power or influence at any time in the long run of history?

S. T. WEST.

THOUGHTS FOR YOUNG MEN

May we pass along a few considered thoughts to the young men of Canada? The general theme is Canadian Citizenship and our Flag. A Canadian Citizenship brings many privileges and blessings to us all but at the same time places grave responsibility on all who claim these privileges and blessings.

PITY FOR MR. SANDERS

It is evident by the remarks that your correspondent, A. B. Sanders, in attacking the Bible, like many others, has swallowed

ings, Canadian Citizenship stands out with added significance in this day, when freedom is challenged as it has not been in generations. The old battlefields of freedom of speech, of assembly, of the press, are alive again and men struggle for what they firmly believe to be right. A Canadian Citizenship stands for liberty, progress and grave responsibilities.

The forces which face us now would crush the human spirit, and recommit it to the chains of despotism. The Canadian citizen holds a fighting faith. He will not allow that faith to go down to defeat today. The faith in the common man's capacity to govern himself and to build here a habitation of freedom for posterity as one of the brightest lights of all human history. Those men of yesterday who struggled with a wilderness, settled a new land, expanded frontiers, preserved national unity, and moved on to world power and responsibility. A great history inspired by a great faith. We must guard the gates of that habitation or freedom, and preserve unity, and good will within.

There are other frontiers where danger lurks in industrial conflict. It is amazing to many to see how very weak our federal government is in handling strikes and industrial disputes. At times like these "a striker" should be classified as a "traitor."

Political corruption and alien propaganda must be dealt with firmly and effectively.

There is a solemn duty which we owe to our country that we who live under the flag must be taught to know well that Canada is still Canada with her own standards, her own ideals and her own proper destiny.

Our young men would do well to join in a universal pledge of loyalty.

The Torch (the Flag) you threw to us we caught.

Ten million hands will hold it high.

And freedom's light shall never die!

We've learned a lesson that ye taught in Flanders' fields.

We must not expect to be translated from despotism to liberty in a feather bed. Perhaps we have come to a time when the feather-bed Canadians need to be rudely shaken out upon the floor

and awakened from their complacent dreams. Do we quite realize that we are now making, or unmaking, the great meaning and message of the Flag.

"I am what you make me, Nothing more. I swing before your eyes As a bright gleam of color, A symbol of yourself. A pictured suggestion of things which make this Nation My colors are your dreams and labors."

They are bright with cheer brilliant with courage, firm with faith, because you have made them so out of your hearts. We are all making the Flag.

The flag flies today over the concentration of Canada's manpower in scores of training camps across the country. A training for what? The defence of our homes, our faith, our freedom, and our future. And as the flag flies over the training centres, let it fly also from every home from which a Canadian youth has gone into the service of his country. What a stimulus that would be to recruiting in many a village and city. It is strange indeed to many of us to hear of conscientious objection to salute our flag and all the implied meanings it has and stranger still that young men claiming the "privileges of citizenship" should withhold the offer of service to our country and Empire in this great ordeal.

Our flag has flown in peaceful skies and it has likewise drawn the fire of its foes. The citizenry that guards it must be alert, loyal and virile.

The day will come when peace will be restored to this war-torn world and then upon sure foundations we shall build a better world for all to live in and enjoy. Young men of Canada, never let it be said that you, through selfish motives, failed to do your part in helping prepare the foundations for better things to come.

May I ask my fellow countrymen to respect and honor the flag of our country for as Henry Ward Beecher said, "Accept our flag in all its fullness of meaning." "It is not a painted rag, it is a 'whole national history. It is the Constitution. It is the Government. It is the Nation." Your nation and mine. Let us think seriously upon our duty as citizens of Canada and act as our conscience directs.

F. CARISS, Sgt. H.Q. M.D. No. 11 (C.M.S.C.).

MARKETING BOARD RACKET

The operation of the Marketing Board under the Provincial Marketing Act does not seem to help our defensive program, for the price of products has been artificially raised under the guise of bringing greater returns to the growers. In reality, every ton of potatoes sold, the board charged \$2 for handling, \$2 for sacks, \$3 for grading, and there is \$4 wholesale spread, and \$7 retail spread, a total of \$13 taken away, leaving the grower the balance. So the public is paying the maximum consuming cost and the growers are only receiving the minimum returns. Thus the price was raised, leaving the poorer homes without vegetables.

To enforce this policy, a quota system was adopted, restricting the food from going to the market, so much so that hundreds of tons of potatoes were left to rot in the field and hundreds of thousands of head lettuce gone waste in British Columbia. This only happened a few weeks ago. The growers had suffered so much loss, felt so uncertain of their future that they dare not plant their normal crop of lettuce. So today we are short of these products and have to pay three times normal price for the importation of lettuce from the States. This is certainly not the way to conserve our financial resources for our war efforts.

If the operation of the Market Board under the Marketing Act does not help but hinder our war efforts at this time of great stress and national emergency, it should be abolished or at least radically revised.

J. S. NEWMAN.

1717 1/2 Government St.

POPULARIZING A.R.P.

At an A.R.P. meeting in Sir James Douglas School, ways and means were discussed to awaken interest in Victoria Air Raid Precaution and to secure men and women to act as wardens.

In some sections of the city lively interest is shown while in others ignorance of the movement is evident. A suggestion has been made that a leaflet be printed, stating the objects of the A.R.P. and at the same time asking for volunteers to act as wardens in their particular section. To save expense of postage, and to ensure a more personal touch, the existing wardens could be asked to deliver these leaflets in their respective localities.

To print these leaflets would cost very little and would undoubtedly do more than much of the procedure now being undertaken. The idea could also be adapted to other purposes, such as a "blackout."

ARTHUR HINDER.

In New Dress

Eight new War Savings Stamps have been designed that feature the armed services and war weapons. As the savings of the Canadian people have enabled the Dominion to go full speed ahead in every department of warfare, these new stamps reflect Canada's war effort. Pictures illustrate the work of the navy on patrol in coastal defence and on the high seas; the air force, the mechanized army, the first Canadian-made tank, artillery, coastal defence and anti-aircraft guns, and the Auxiliary Nursing Service. It is anticipated that large numbers of citizens will be buying the new stamps not only for War Savings Certificates but for stamp collections. They are available at each of Canada's 13,000-odd post offices and approximately 12,000 other outlets for War Savings Stamps.

BEFORE—R.A.F. fliers claim this is the Binn Alster area in the heart of Hamburg before camouflaging. The Binn Alster is the innermost of two lakes in the centre of town. The Lombardsbrücke bridge is a vital road and rail connection dividing the Binn and Aussen Alsters, and links the two Hamburg marshaling yards.

AFTER—The R.A.F. made this picture to show how the Binn Alster has been camouflaged by means of huge floating rafts to represent a built-up area. A replica of the Lombardsbrücke bridge has been built about 600 yards north of the bridge. Note also light-toned "roads" painted over the railroad station and railway lines treated similarly.

Discussing Canada's War Policy in Britain

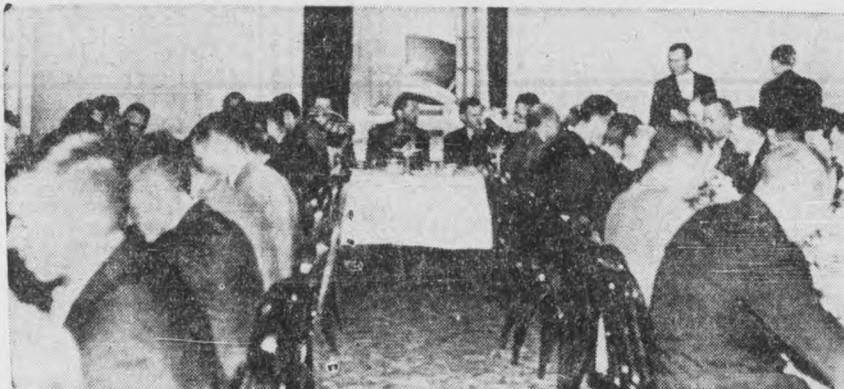

This discussion between Prime Minister Mackenzie King and Lieut.-Gen. A. G. L. McNaughton, commander of the Canadian Corps, took place during Mr. King's trip to Britain. The fact that Mr. King said, in a statement several weeks ago, that "Canadian troops are ready to serve wherever they may be needed," suggests that possibly this and other conferences which the two Canadian leaders held may have dealt with the possibility of Canadian troops serving abroad, and if so, where.

DARING STUNT FLIER—Lee Ya Ching, Chinese girl skywriter and stunt flier, went to Toronto in her bright red monoplane, The Spirit of China. First girl to win a pilot's license from the Chinese government, and a graduate of California's Boeing flying school, Lee Ya Ching came under Friends of China auspices to raise funds for the Chinese Red Cross.

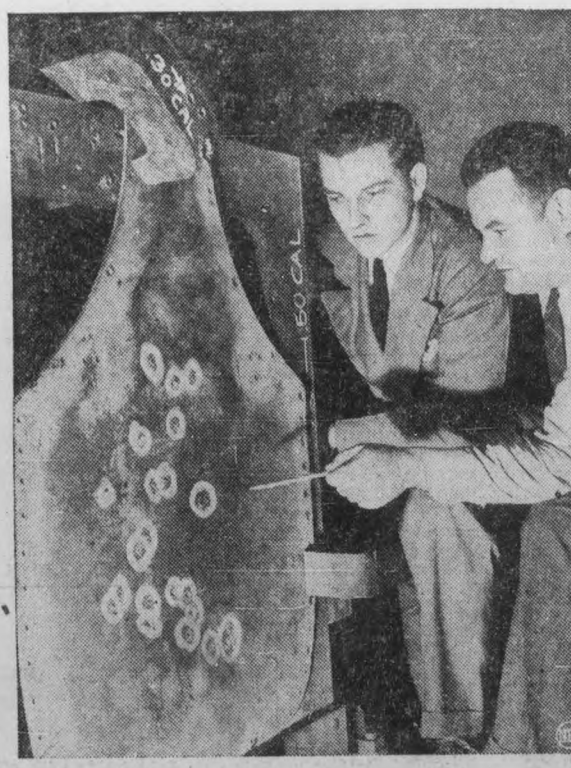

IN ESTONIA—Less than 100 miles from Leningrad, the Norva citadel, in background, where Red army defences checked Nazi onslaught towards the city.

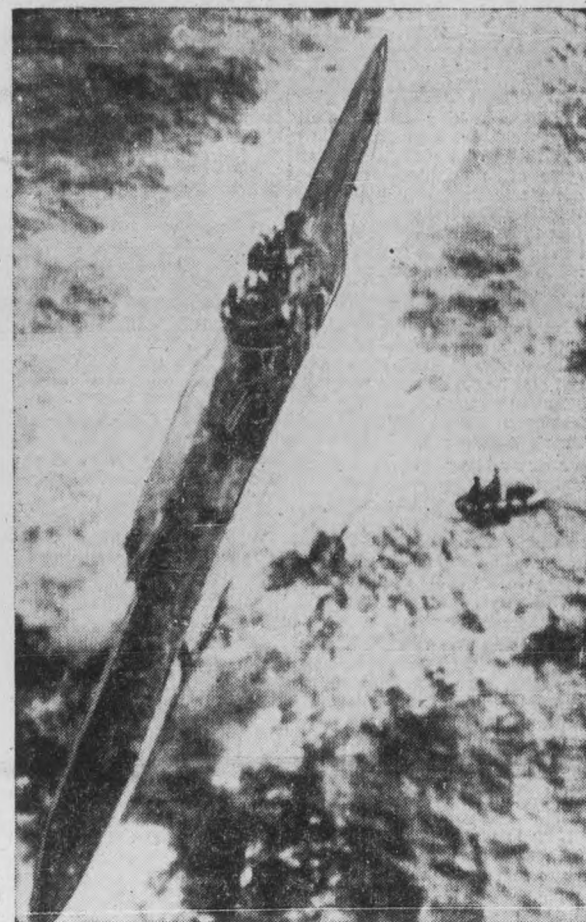

TIRED AFTER THEIR LONG FLIGHT FROM MOSCOW to the United States, some of the 48 Russians on a technical mission sit down to their first American meal at Seattle. Details of their mission are secret and the men, to date, have been camera shy—indeed, yes.

WENDELL WILLKIE, left, counsel for the motion-picture industry, greets Senator Gerald P. Nye, first witness in a U.S. Senate investigation into charges of propaganda in movies and radio. Senator Nye asserted the motion-picture industry has a "very selfish interest" in the European war and Willkie charged Nye was attempting to destroy national unity.

PIERCE-PROOF ARMOR PLATE—Warplanes are safer for pilots because of a new process for making armor plate developed by an Elizabeth, N.J., firm. The plate is lighter but stronger and tougher than protection now used. Picture above shows how pilot would be protected by shield which, as picture at left shows, can't be pierced by .30-calibre machine-gun bullets.

GERMAN 'SUB' CAPTURED IN ATLANTIC—A German submarine which British said had been brought to the surface by an aerial attack is seen in this photograph, made from an R.A.F. plane and radioed from London. British naval officers arrive by boat to "take over." Two American-made planes figured in the capture.

GERMAN CADET SHIP SUNK—The German high command has announced the loss of the German artillery cadet ship Bremse after a short and fierce fight with British units in northern waters. The 1,400-ton warship was on convoy duty, supplying German troops in the extreme north, the communique said. She was taken by surprise by a British cruiser and two destroyers off northern Norway.

ROCKY COASTS OF SPITSBERGEN present a forbidding aspect. If garrisoned, the island could be defended easily. The defence would be aided by the rugged natural barriers of rock and ice.

RED GREYBEARD—This Red greybeard is Ivan Linkov, oldest member of the "Avangard" Collective Farm Volunteer Fire Brigade, according to Soviet caption. Despite his years he vigilantly guards collective farm property from bomb fire. Radiophoto flashed from Moscow.

Sports Mirror

By PETE SALLAWAY

A MATEUR SPORT has sure come a long way since the days when the boys used to buy all their own equipment and quite often on trips would dig down into their own pockets to help pay the freight. We have just finished reading about some of the goings-on in amateur tennis in the United States and it is a revelation.

Most any top-ranking amateur net player across the line will tell you how he shops for a price and that he pays not the slightest attention to the rules of the old-fashioned United States Lawn Tennis Association.

According to regulations, simon-pures are allowed expenses for no more than 13 weeks of competition, five weeks of which must be spent in sectional championships.

It is specified that combatants are strictly on their own in national championships.

So it was that U.S.L.T.A. officials found it convenient to look the other way when the stars banded together and informed the Longwood Cricket Club that none would show up at Chestnut Hill unless the entire company was put up in the style to which it is accustomed.

Here is what one of the first 10 ranking players in the States has to say on the question:

"Paying our own way in the nationals isn't so bad for us fellows in the first 10, since we do all right in other tournaments, but most of the kids don't have enough money to buy a hamburger this late in the season," explains this Top Tenner.

"You see, that makes three straight weeks that we have to pay our own way. We have to take care of ourselves the week between the national doubles and singles, and we don't get a cent at Forest Hills.

"Under those circumstances, we figured it wouldn't hurt the Longwood Cricket Club to pay as little as \$500 for its entire show. The tournament drew well, at least

6,000 coming out for the final between Kramer and Schroeder and Sabin and Mulloy."

Top Tenner asserts the circuit has been fairly profitable this summer.

"I do pretty good for my wife and myself," he smiles. "Before each tournament I write club officials telling them just what I want. Nine times out of 10, the reply reads: 'Such a demand is impossible'."

"It is then that I ask them to please take my name from the entry list."

"That never fails to get results. They suddenly discover that Joe So-and-So is unable to enter as originally planned, so there is more money for the others."

"I get what I asked."

"Of course, one of these days the ruse will fail, but then I'll enter some backwoods tournament and probably get more money."

Top Tenner explains that name players fare better financially in early clay court tournaments, some of them rather obscure. These tournaments require names. You see, the superior boys and girls have to play in the late grass tournaments to obtain their rankings.

Winter circuit being a good money wheel, tennis players go south with the rest of the boys, the difference being that they mingle with the millionaires. The tennis buff has no qualms about asking for his money, or in demanding a bonus if the gate receipts hit.

There was the case in Florida last winter when top tenner shook down another, who had a hand in running the tournament, for an additional \$100 before appearing in the singles final.

Following Forest Hills, Top Tenner goes to California for the East-West matches. He's getting all expenses, including round trip air transportation for the missus and himself.

There are much harder lives and lower salaries than those of a tennis bum.

All Peaceful Now—But Just Wait

With their heavyweight championship bout postponed until Sept. 29, titleholder Joe Louis and Lou Nova are examined by Dr. William Walker of the New York boxing commission.

Our Mail Bag

AUTO RACES

Being a frequent visitor to the Langford auto races I am surprised to see the management stretch the main event to 50 laps. They know as well as the patrons that the cars he has running now will never last that long.

What has become of Swede Lindskog and our own local star, Bert Sutton? It was a thrill to see this pair of daring drivers fight it out for the honors.

We should not forget our war measure and save gasoline.

A. P. WADE.

R.R. 1.
[Sports Editor's Note—Swede Lindskog is not located in the Pacific Northwest at the present time, while Bert Sutton has been confined to hospital for several months.]

SOCCER WORKOUTS

Victoria West will hold a soccer workout at Central Park, Sunday morning at 10.30. Saanich Thistles will train Sunday morning at lower Central Park at 10.30.

The exhibition of the five-gaited Kentucky saddle horses owned by the Vancouver doctor was greatly enjoyed by the spectators. The thoroughbreds were on show here for the first time and the spectators took much interest in the show manners and the riding performance of the imports.

MRS. CARLEY WINS

Most spectacular event of the show, the jumping over the "Victory Course," which included jumps over post and rails, picket fence, bank, swinging gatepost and rails, saw the veteran horsewoman, Mrs. Don Carley, carry off the honors with "Chenango." Gerry Aitken took second with "Montana," while Mrs. D. Watney of Duncan was third up on "Bucksin Bob."

Pair jumping was another event that drew much applause from the gallery with Mrs. Carley and Mrs. D. Barnes on "Chenango" and "Kelpie," respectively, capturing first prize. Gerry Aitken and Jack Rawnsley riding "Sunnier" and "Lou Marc" were second.

Miss D. Preece, up on "Sir Wilfred," scored a popular victory in the performance jumping. Mrs. Carley took second with "Chenango" and G. Thomson third with "Gamelin." Miss Preece also was the winner of the "park hack," riding "Dolly."

Novelty part of the show was contributed by three members of the Royal Canadian Air Force and a like number from army in the bareback wrestling. After much pulling and dragging the three airmen, Sgt. Julian, L.A.C. Eaton and Cpl. Penny took the honors.

In the children's classes the crowd appeared to get its greatest pleasure out of an unexpected performance of "bucking" put on by game little Miss Anne Cavenagh on "Little Dickens." This horse certainly lived up to his name as he bucked and shied nearly the entire time he was in the ring, but the little miss handled him like a veteran and the spectators gave her such a hand the judges awarded a special prize.

W. Thorburn, Vancouver, and C. Gordon, Chilliwack, gave the crowd a treat with their smart driving in the six, four and two-horse teams. Gordon won the six-team event with Thorburn taking first money in the other two.

Shown during the evening was Royal Reigh, son of the famous Reigh Count, recently leased to Don Carley to stand at stud on the island.

Music was provided by the band of the Royal Canadian Navy.

Horse Races

Blanket Finish

The camera eye did what no human eye could have done when it separated Victorian Star, Chief's Lady and Banquo in that order at the finish of the third race at Willows track yesterday.

The three horses came dinging to the wire as if they were driving like a team in the most hair-raising stretch run of the meeting. There was not a single watcher in the stands who ventured any confident opinion which had won, although everyone, of course, had a choice. It recalled the 3-horse dead heat at the Willows two years ago.

But the camera eye showed that Victorian Star, an 11 to 2 shot, had a good four inches of his nose in front. The difference between Chief's Lady and Banquo for the place position was no more than the proverbial eyelash.

Victorian Star completed the second half of the daily double, which returned \$56.50. First half was won by Sweet Lavender, a 3 to 2 shot in the second. The mud-running filly found the slow track to her liking and led from wire to wire.

Longest price of the day was returned by the local Dot Mike Stable's Small Mortgage, trained by K. R. Darbyshire. The mare sprinted out of the gate like a frightened rabbit, opened up daylight on the field but just lasted to hold the fast-closing Saucy Maid at the wire. She paid off an even 10 to 1.

Darbyshire lost out in the sixth race, however, with the heavily-played MacPhalaris, an

old favorite with Victoria fans. The veteran runner was forced to choose the pace of Joe Kerr's Scotch Jean for a mile and was two lengths back at the wire. Piroyal closed well to be third.

F. Acheson's Wexford Boy, which seems to take to Willows track, won his second straight victory of the week by defeating the highly-regarded Pepper Pot, owned by Mrs. T. Briggs of Victoria.

Jockey Tommy Cox took the gelding to the front from the break and was always well in hand. Pepper Pot got second and Sunny Monday, from a slow start, finished very fast for the show.

Victoria fans got their first view of this year's crop of baby racers when Ruby Pagan scored an easy and popular victory in the sprint for 2-year-olds, with Stretch second and Wingaway third, despite the fact she swerved coming out of the gate and ran up on the field on the back stretch.

Jockey Jack Bailey was the only rider to get more than one mount home in front. He put on a strong drive with the favorite, East Calling, in the seventh to outgame the pace-making Khayyam. Earlier Bailey had won with Sweet Lavender.

Quinnella prices for the day were unusually low, the return being \$12.20 in the fifth and \$13.20 in the seventh.

LAWN BOWLING

Continuing the series of benefit games for the "Save the Babies Fund," competitions will be held on the Beacon Hill greens tomorrow at 2 and 7. The games will be played in mixed rinks of men and women, and prizes will be given for the highest in both afternoon and evening contests. All proceeds will go to the war charity fund.

As it is the intention of the Victoria club to close the upper green after Saturday a large turnout, including bowlers from other clubs and visitors, is hoped for, as it is the last occasion this year on which two greens will be available for play at any club in the city. The Victoria club will continue play on its lower green only for the balance of the season, which closes early in October.

CAMP WHEELER, Ga. (AP)—Murray Patrick, defence star of the New York Rangers hockey team, began yesterday his 13-week basic training period as an infantry soldier.

San Francisco went 11 innings

Brooklyn Knocks Off Cardinals in Opener

Wild Dodgers Carried to 11 Innings

Brooklyn Dodgers and St. Louis Cardinals go to the mat in St. Louis again today to renew their battle for the leadership of the National League after the Flatbush gang drew first blood in the three-game series yesterday.

By a 6 to 4 win in yesterday's 11-inning struggle, the Dodgers boosted their lead in the league race to two full games, and thus made certain they would leave St. Louis with nothing worse than a virtual tie. Victory for the Dodgers today would pretty well crush Cardinal pennant hopes—barring the unexpected of course.

Neither Dodgers nor Cardinals looked like teams who would give much trouble to the American League's New York Yankees in their game yesterday, four errors being chalked up to each side.

Errors and hard luck for the Cards combined to give the Dodgers their two-run margin of victory in the 11th. Joe Medwick, once a St. Louis hero, opened the inning by driving out a hot liner on which Johnny Brown made a leaping catch and then dropped the ball. His throw to first was high. Cookie Lavagetto walked. Johnny Mize slipped when he rushed in to field Dolph Camilli's intended sacrifice bunt, and all hands were safe and the bases loaded. Dixie Walker came to bat and smashed a single for his first hit of the day. The hit scored one run and a second went in when outfielder Johnny Hopp got all tangled up with the ball.

Manager Leo Durocher and his men, infected with the spirit of the fans back home in Flatbush, were kicking about decisions all day.

Except for a bad fourth inning, pitcher Ernie White might have won. Reese opened that inning with a single. White hit Reiser on the arm. Medwick was safe on Marion Martin's error and the bases were full. Lavagetto's fly scored Reese and Dolph Camilli cleaned the bases with his 33rd home run of the year.

St. Louis scored twice in the third inning on four singles and an error. Don Padgett and Frank Crespi driving in the runs. In the seventh the Cards tied it up. Johnny Brown was hit by one of Freddy Fitzsimmons' pitches, only to be forced at second by Hopp. On Padgett's single Hopp reached third. Mize slapped the ball right back at the portly Freddy for what looked like a sure double play, but Peevee Reese dropped the ball at second. Hopp scored and all hands were safe. Estel Crabtree shot a single to left and Mickey Owen received the ball at the plate ahead of the sliding Padgett, but dropped it.

COAST LEAGUE
Seattle takes to the tightrope today in the latest version of the Coast Baseball League's precarious balancing act.

The Rainiers teeter two percentage points above San Diego and three above Sacramento, but there was no assurance they could maintain equilibrium any longer or any better than their two predecessors on the high wire.

Dividing a double bill with San Francisco last night backed the northern club into its present position, for while this performance was in progress, San Diego lost to Oakland for the second time in four games this week and Hollywood similarly evened its series with Sacramento.

San Francisco went 11 innings

Baseball Standings

NATIONAL LEAGUE	Won	Lost	Pct.

Victoria Wants All-Star Team

In all probability Victoria will be represented by an all-star team in the Coast Soccer League this year. Football delegates, holding their first meeting before the coming season, decided last night to ask the British Columbia Football Commission for permission to enter an all-star aggregation for competition this season. Quick action has been requested in view of the fact that the first game of the league schedule is set for October 4.

With steadily declining gate receipts Victoria United has not been paying its way according to statements shown to officials at last night's parley. The club is backed by the league and the delegates, have no desire to continue paying the bills.

With the all-star suggestion, sponsors of the move expressed that such a club would be a better crowd attraction and would also encourage local players to turn in better exhibitions. Victoria United at present is an individual club and performs as such in the coast loop.

Charlie Lewis, former manager of the Victoria City team, was named president of the Victoria soccer set-up, succeeding Dr. J. D. Hunter who asked to be relieved of the position because of pressure of business. Terry Peers was appointed vice-president.

The next meeting of the Victoria and District Football League will be held on Wednesday evening at 8. Clubs intending to compete during the coming season must file their entries at this session.

'Y' GYM CLASSES

The Y.M.C.A. will start its fall and winter athletic season Monday with gymnasium classes. Open to men and boys the class have been in operation past years under the tutelage of the "Y" physical director, Archie McKinnon, who will direct them again this year.

The classes are as follows: Junior school, Monday and Thursday at 4.15; junior employed, Monday and Thursday at 7.15; intermediate school, Tuesday and Friday at 4.15; intermediate employed, Monday and Thursday at 8.15, and prep, Saturday morning at 9.30. Prep classes will start one week from tomorrow.

New Park Named After Hamber

The provincial government today created a huge new mountain park and named it after the retired Lieutenant-Governor, Hon. E. W. Hamber.

Hamber Park stretches for 3,800 square miles through the mountain fastnesses east and north of the Big Bend of the Columbia River.

Premier Pattullo said it will round out the vast park system of the Rocky Mountain region. It is contiguous to Jasper and Banff parks on the east. To the north is Mount Robson Park, to the south Glacier and Yoho Parks. Together they form one unbroken area of parks which is probably one of the largest in the world.

It takes in all the territory lying between Canoe River and the height of land in the region between the Big Bend of the Columbia River and the eastern boundary of the province. The Big Bend Highway runs along part of the western boundary.

Pupic Invited To Sample Water

Two of the Saanich municipal wells will be operated Sunday so that residents may sample the water, officials said today. The wells will be pumped from 9 a.m. to 8 p.m., delivering approximately 840 gallons of water per minute. The wells are located on Marine Drive, just north of Cordova Bay.

Church Destroyed

Fire completely destroyed the Catholic Church at Milne's Landing last night. The fire was discovered shortly after 7 and, with no water available to fight it, the frame building soon burned to the ground.

TOWN TOPICS

Parking fines of \$2.50 each were collected in City Police Court today from nine motorists.

First meeting of the season of the Dickens Fellowship will be held in the clubrooms, Union Building, Monday at 8.

Oak Bay Fire Department responded to a chimney fire call at 2663 Orchard Avenue at 8:25 this morning, extinguishing the minor blaze in short order.

When they failed to appear in City Police Court today to answer charges of being intoxicated in public places, two men forfeited bail of \$25 each.

A request was issued today by Inspector of Detectives Jack Rogers to Miss Doris Albers to communicate with him immediately at the police station.

A permit for a \$1,500 parking and sales lot for the National Motor Company Limited at 821 View Street was issued by the city building inspector's department late yesterday.

'Our Mistake, Repairs Free'

At least one cloud has a silver lining, in the opinion of a Victoria automobile owner.

The man reported to police yesterday theft of his car. Police searched for the missing vehicle and found it in a local repair shop, the owner of which gave this explanation:

The service station received a call to pick up a certain type of automobile at a certain location for repairs to a damaged front fender. An employee went out and returned with a car answering the owner's description. After work had been partly done on the fender it was located by the police as the one reported stolen. The repair shop found it had picked up the wrong machine, apologized to the owner and undertook completion of the work without charge to him.

More Vacancies In Women's Army

There are still a few vacancies for storewomen, messengers and clerks in the Canadian Women's Army Corps, Mrs. Norman Kennedy, staff officer, M.D. 11, said today. Those found suitable will be taken on immediately after medical examination.

Although the first quota is practically filled, applications are now being accepted for the next quota for stenographers, typists, cooks and cooks' helpers, telephone operators, waitresses, dishwashers, hospital maids, canteen helpers, drivers of light motor transports and motorcycles and mess orderlies.

Claims Injustice In Parking Rule

The position of certain stores where curb space is denied delivery trucks through yellow line prohibition was brought to the attention of Magistrate H. C. Hall in City Police Court today as Percy J. Coombes was fined \$2.50 for parking adjacent to the Owl Drug Company.

W. H. Bland, manager of the company for which Coombes is a delivery man, stated the youth had parked his car in the prohibited area while he picked up parcels from the store. He was in the zone no more than five minutes, Mr. Bland stated.

"How," he asked, "can any car make deliveries to us if that restriction is enforced." It meant, he added, that every truck which unloaded for the store there was breaking the law. He had sought a ruling on the question for some time and had been unable to secure one, he continued, adding the firm paid \$115 a year to the city to do business which was greatly hampered by the conditions there.

He was referred to the City Council for relief from the situation.

Will Show Weaving Of Canadian Tartan

Hastie Cochrane of Esquimalt, who in 1937 designed the Canadian Caledonian tartan which received praise from Her Majesty the Queen, is at the Victoria fair this week demonstrating the weaving of this distinctive cloth. In doing this, Mr. Cochrane said, he hoped to promote the use of Canadian wools in weaving.

In the Women's Building he will give a demonstration of weaving and breaking of fleece wool tomorrow afternoon. He will weave on a loom which he constructed himself and will use wool from the Senator McRae ranch at Qualicum.

The Canadian Caledonian tartan, with which Mr. Cochrane will demonstrate, was designed as an appropriate badge significant of prevailing feeling and outlook of all Canadians of Celtic affiliation.

Obituaries

MRS. G. L. MILNE, PIONEER, DIES

Mrs. Ellen Catherine Milne, native daughter of Victoria and widow of Dr. George L. Milne, pioneer physician who predeceased her in March, 1933, died last night at the home of her sister, Mrs. Leslie Ellis, 576 Dallas Road, after a long illness.

Mrs. Milne was born in Victoria, daughter of the late Mr. and Mrs. John Kinsman, well-known pioneers, and had lived here all her life. She was a devoted adherent of St. Andrew's Presbyterian Church and a faithful attendant until ill-health curtailed her activities, her late husband being one of its elders for many years. She is survived by one sister, Mrs. L. Ellis, and nephews and nieces.

The funeral will be held at Hayward's B.C. Funeral Chapel Monday afternoon at 2:30, Rev. J. L. W. McLean officiating. Interment at Ross Bay Cemetery.

FARROW — Reginald Arthur Whitehair Farrow of 3810 Obed Avenue, died today at St. Joseph's Hospital, aged 64. He was born at Maidstone, Kent, England, and had lived here 30 years. He was a veteran of the last war, having served with the C.A.M.C., 5th Canadian General Hospital, at Salonika. He is survived by his sister-in-law, Mrs. A. Garvin, 1959 Beach Drive, Oak Bay, his wife having predeceased him October, 1939. Funeral service will be held Monday afternoon at 2 from the S. J. Curry & Son Funeral Home. Canon H. W. G. Stocken will officiate. Cremation Royal Oak.

DAVIES — Funeral service for Mrs. Harriette Davies was held Thursday in the Sands Mortuary. Archdeacon Robert Connell officiated. Pallbearers: Albert Davies and Norman Davies, grandsons, and A. H. Davies and Alderman W. H. Davies, sons. Interment Ross Bay.

STEVENSON — Funeral service will be held in Vancouver Saturday for Robert W. Stevenson, 30, manager of the Canadian White Pine Company, and for many years a prominent figure in the British Columbia lumber industry.

FRANK S. BALL, who pleaded guilty to a charge of failing to return to the scene of an accident in which his car was involved at the Douglas-View intersection on September 7, was fined \$25 by Magistrate H. C. Hall in City Police Court today.

WHITE — Major A. McInnes of the Salvation Army will conduct the funeral service for Thomas William White at Hayward's B.C. Funeral Chapel tomorrow afternoon at 2:30, interment at Colwood.

WHITEHEAD — Joseph Blythe Whitehead, 76, managing director of the Brandon Sun since 1905, died today in Brandon after a lengthy illness. Born in Blythe, Ont., at one time he was city treasurer of Brandon. Surviving are a widow, formerly Edith Hamilton Christie, a son, Ernest C. of Brandon, and two daughters, Mrs. E. Heyland of Flin Flon, Man., and Mrs. E. Johnson of Brandon.

PAMBRUN — Squadron Leader L. A. Hobson celebrated Mass of the Angels this morning at 10:30 at St. Elizabeth Church, Sidney, for Baby Beverley Gay Irene Pambrun; interment at Royal Oak. Pallbearers were: A.C. J. H. Currie and L.A.C. D. C. Howard.

TURNER — Rev. Hugh A. McLeod will conduct last rites at McCall Bros' Funeral Chapel tomorrow afternoon at 3:30 for Charles Heber Turner. Burial at Colwood.

Claims \$25,000 For Suspension

A. J. Patton, Victoria lawyer, said today he had issued a writ against Colwood Park Association, Dr. W. J. McKeon, presiding judge and the stewards at Willows race track, on behalf of W. J. Lochead, Vancouver horse owner, claiming damages for the indefinite suspension of Mr. Lochead from racing on Tuesday.

Mr. Patton said Mr. Lochead was claiming \$25,000 for libel. The association had announced the suspension was "for practices not in the best interests of racing."

Mr. Lochead is the owner of such speedy thoroughbreds as Liverpool and Patage.

The suspension came following an incident in the fourth race on Tuesday in which the horse Jankey ran.

Jockey Alex Haller was called before the stewards the following morning and was exonerated of blame.

Willows P.T.A.

The annual meeting of the Willows Parent-Teacher Association took place at Willows School Tuesday.

Alderman P. E. George, who organized the association 18 months ago, gave an instructive talk on the P.T.A. and its objects.

Election of officers resulted in the following being elected:

Capt. F. G. Dexter, honorary president; Mrs. A. J. Bewley, president; R. M. Lochead, first vice-president; Mrs. J. A. McVeen, second vice-president; P. R. Noel, secretary; Mrs. J. M. Gelling, treasurer; Mrs. W. E. Burnett, convener, membership committee; L. S. W. Wells, publicity agent.

Election of a social convener was left until next meeting. At the close of the meeting a presentation was made to the retiring president, Mrs. V. V. Stevenson.

The study group will hold its first meeting at the home of Mrs. V. V. Stevenson, 2701 Dufferin, September 15, at 8.

Frank S. Ball, who pleaded guilty to a charge of failing to return to the scene of an accident in which his car was involved at the Douglas-View intersection on September 7, was fined \$25 by Magistrate H. C. Hall in City Police Court today.

laid at rest in Ross Bay Cemetery this morning at 11. Hayward's B.C. Funeral Co. had charge of arrangements.

WHITE — Major A. McInnes of the Salvation Army will conduct the funeral service for Thomas William White at Hayward's B.C. Funeral Chapel tomorrow afternoon at 2:30, interment at Colwood.

WHITEHEAD — Joseph Blythe Whitehead, 76, managing director of the Brandon Sun since 1905, died today in Brandon after a lengthy illness. Born in Blythe, Ont., at one time he was city treasurer of Brandon. Surviving are a widow, formerly Edith Hamilton Christie, a son, Ernest C. of Brandon, and two daughters, Mrs. E. Heyland of Flin Flon, Man., and Mrs. E. Johnson of Brandon.

PAMBRUN — Squadron Leader L. A. Hobson celebrated Mass of the Angels this morning at 10:30 at St. Elizabeth Church, Sidney, for Baby Beverley Gay Irene Pambrun; interment at Royal Oak. Pallbearers were: A.C. J. H. Currie and L.A.C. D. C. Howard.

TURNER — Rev. Hugh A. McLeod will conduct last rites at McCall Bros' Funeral Chapel tomorrow afternoon at 3:30 for Charles Heber Turner. Burial at Colwood.

DEATHS

BARROW—At St. Joseph's Hospital, the late Mr. Barrow, 3810 10th Avenue, the late Mr. Barrow, who was 64 years of age, was born at Maidstone, Kent, England, and had resided in this city for the last 15 years. He was a veteran of the C.A.M.C., 5th Canadian General Hospital, and was a member of the Royal Canadian Mounted Police. He died at 10:30 a.m. on September 11, 1941, at St. Joseph's Hospital. Funeral services will be held Monday afternoon at 2 o'clock from the parlors of the S. J. Curry & Son Funeral Home, 1000 Douglas St. Interment will be in the Royal Oak Cemetery.

MILNE—Passed away at her residence, 576 Dallas Road, on Friday, September 12, 1941, Mrs. Ellen Catherine Milne, nee Mrs. Milne, who was 64 years of age. She was the wife of the late Mr. G. L. Milne and had been a resident of this city for the past 12 years. She is survived by her husband, three daughters, Misses Freda, Beulah and Ruth; one son, Mr. E. Turner, and two sisters, Mrs. E. McLeod, and Mrs. Hazel McLeod, all of Vancouver. The remains are resting at McCall Brothers Funeral Chapel where funeral services will be held on Saturday, September 13, at 2 o'clock. Interment will be in the Cowdell Burial Park.

FRASER—At the family residence, 1000 Douglas St., on Thursday, September 11, 1941, Mary Jane Fraser, nee Mrs. Fraser, who was 64 years of age. She was the wife of the late Mr. J. W. Fraser and had been a resident of this city for the past 12 years. She is survived by her husband, three daughters, Misses Freda, Beulah and Ruth; one son, Mr. E. Turner, and two sisters, Mrs. E. McLeod, and Mrs. Hazel McLeod, all of Vancouver. The remains are resting at McCall Brothers Funeral Chapel where funeral services will be held on Saturday, September 13, at 2 o'clock. Interment will be in the Cowdell Burial Park.

WHITE—On September 10, 1941, at the home of his sister, Mrs. Thomas Gray, 821 E. 10th St., Esquimalt, Thomas White, aged 72 years, formerly of Trail, B.C. He is survived by three sisters and a brother in England, one sister, Mrs. R. B. Holled in Chemainus, and Mrs. Thomas Gray. He was preceded in death by his wife. Funeral services will be held on Saturday, September 13, at 2 o'clock. Interment in Cowdell Burial Park.

FRASER—At the family residence, 1000 Douglas St., on Thursday, September 11, 1941, Mary Jane Fraser, nee Mrs. Fraser, who was 64 years of age. She was the wife of the late Mr. J. W. Fraser and had been a resident of this city for the past 12 years. She is survived by her husband, three daughters, Misses Freda, Beulah and Ruth; one son, Mr. E. Turner, and two sisters, Mrs. E. McLeod, and Mrs. Hazel McLeod, all of Vancouver. The remains are resting at McCall Brothers Funeral Chapel where funeral services will be held on Saturday, September 13, at 2 o'clock. Interment will be in the Cowdell Burial Park.

Patrick Sells All of Ramblers

NEW YORK (CP)—Lester Patrick last night announced he had disposed of the entire squad of the disbanded Philadelphia Ramblers of the American Hockey League, except for two players, who will be given a chance at berths on his New York Rangers of the National League.

Fourteen Philadelphia players and one Ranger were sold in the rapid-fire deals completed within 72 hours after Patrick announced his decision to break up the minor league squad. The franchise at Philadelphia will be operated this year by the rink, which is assembling its own team.

Allen Kuntz, forward, and Bill Juzda, defence, are being retained for Ranger tryouts at their Winnipeg training camp next month. The players sold all went to teams of the American League.

Providence Reds, seeking offensive strength at middle ice, chose three centres: Frankie Boucher Jr., Albert Collings and Norman Calladine, as well as left winger Lloyd Ailsby.

Cleveland Barons, the loop champions, took a complete forward line of Stan Smith, centre; Herb Foster, left wing, and Lude Wareing, right wing, and a defenceman, Bob McCulley.

Pittsburgh Hornets acquired Mitchell Pecheet and Johnny Polich, both right wingers.

BUFFALO GETS BOURQUE
Buffalo Bisons took Murdo McKay, right wing; Bill Allum, defence, and goalie Claude Bourque, formerly with Montreal Canadiens.

Hershey Bears brought Jack Riley, centre, and Kilby Macdonald, former Ottawa player, who has been a member of the Rangers for two years, and was the Canadian Press all-star rookie in 1939-40 but a disappointment in his second season.

Sale of Macdonald left three vacancies in the Ranger roster to be filled before the N.H.L. campaign gets going. The club had previously sent Dutch Hiller to Detroit Red Wings and lost Murray Patrick to the United States Army.

Ice Teams Join

NEW WESTMINSTER (CP)—Amalgamation of last year's Fraser Mills and New Westminster intermediate hockey teams as the Royal City Hockey Club was completed at a meeting here last night.

J. R. Murray was elected president of the new club which will play against Vancouver, Victoria and Nanaimo squads in the newly formed four-team Pacific Coast Amateur Hockey League. Bruce Dixon was named vice-president and Robert MacMillan secretary-treasurer.

The club will be represented at a meeting at Nanaimo Sunday, when final plans for the season opening and the league's playing schedule will be arranged.

BRAND NEW

Stucco bungalow of four large rooms with attached garage, in Quadra-Saanich, \$700 down and \$25 per month. Full price, \$2850

YORK—James Cagney in "City for Conquest."

FAMOUS DANCE BAND COMING

Swing fans will be able to dance to a top-name American orchestra right here in Victoria when Erskine Hawkins, the creator of "Tuxedo Junction," brings his famous band and entertainers for a one-night personal appearance at the Shrine Auditorium, Monday, Sept. 29. Hilker-Allen Enterprises are inaugurating a big-name policy with the presentation of this original "Young Man With a Horn" through special arrangements with Gale Agency Inc. of New York City.

Just seven weeks ago Erskine Hawkins and his band were dispensing their torrid tunes on the stage of New York's famous Paramount Theatre, acknowledged goal of all the big-time bands.

Heard regularly over NBC from Harlem's famous Savoy ballroom, "The Home of Happy Feet," Erskine Hawkins' band features such star performers as Jimmie Mitchell, Avery Parrish, and lovely little ball of dynamite, Ida James. "The 20th Century Gabriel," as Hawkins has been so ably dubbed is already renowned in Victoria for his terrific Victor Bluebird recordings. His waxing of "Tuxedo Junction" proved the biggest selling swing hit in the last 10 years, and other sensational pressings such as "Norfolk Ferry," have earned him equal fame.

Tickets go on sale at Fletcher Bros.' Music Store, 1130 Douglas Street at 9, Thursday morning.

RIO THEATRE

A brilliant cast, an excellent script and outstanding direction contrive to make "Border Vigilantes," latest screen adventure of "Hopalong" Cassidy, is at the Rio Theatre, one of the best of this popular series of outdoor action romances.

Besides William Boyd as "Hopalong," Russell Hayden as "Lucky" and Andy Clyde as "California," the cast boasts such players as Victor Jory, Morris Ankrum, the noted character actress, Ethel Wales, and a beautiful newcomer to the screen, Frances Gifford.

OAK BAY THEATRE

Although Porter Hall is identified generally with the stage and screen, having just completed his 30th screen role in Columbia's "Arizona," now at the Oak Bay Theatre with Jean Arthur starred, he has had one of the longest radio careers of any featured player in pictures.

CADET THEATRE

Specially designed furniture for the colonial interiors in director-producer Frank Lloyd's "The Howards of Virginia," now at the Cadet Theatre with Cary Grant and Martha Scott co-starring, cost close to \$50,000. All items are copies of antiques on exhibition at Williamsburg, Virginia, where the Rockefeller family spent \$20,000,000 in restoring this city to its pre-revolutionary appearance.

Double Pays \$1,224

CLEVELAND (AP)—Because two maidens went stepping at Thistle-down track yesterday, the daily double paid \$1,224.50 to the two people who held \$2 tickets on the winners.

The first race went to Take It—never closer than nine lengths to the winner in six previous outings—for a payoff of \$131.60 for a \$2 win ticket. Port Melody, also winning her maiden race, paid \$10.20 to complete the big paying daily double combination.

One of the winning ticket holders identified herself as Henriette Seidel, about 45, of Sewickley, Pa. The other, a man from Detroit, declined to give his name.

'PENNY SERENADE' ON ATLAS SCREEN

All the newspapermen who were personal friends of George Stevens in his early San Francisco days have been blended into the reporter character Cary Grant plays in Columbia's "Penny Serenade," which Stevens produced and directed, and which is now at the Atlas Theatre.

"None of them was anything like the newspaper characters so mistakenly pictured on the screen," said Stevens. "They were average, normal humans."

'BARNACLE BILL' NOW AT DOMINION

Filmed in the shadow of the Gloucester schooner We're Here, reconditioned and ready to take to the sea again, Metro-Goldwyn-Mayer's new film of the deep, "Barnacle Bill," starring Wallace Beery with Marjorie Main, Leo Carrillo, Virginia Weidler, and Donald Meek, comes today to the Dominion Theatre.

"Barnacle Bill" finds Carrillo in the type of characterization for which he has won fame, that of Pico, Beery's buddy in his numerous misadventures. Miss Main is seen as Beery's ex-girl friend, and Donald Meek as her seafaring father.

Dorothy Lamour In Capitol Film

Paramount's Technicolor adventure romance, "Aloma of the South Seas," starring Dorothy Lamour and Jon Hall, opens Saturday at the Capitol Theatre.

Comedy, thrills and melodrama crackle throughout the length of the picture, which features an all-star supporting cast including Lynne Overman, Philip Reed, Katherine deMille, Fritz Leiber, Esther Dale and many other screen favorites.

Lynne Overman has a comic field day as "Corney," only white man among South Sea natives. He serves as the tribal prince's pal and trusted counselor to the island chief. His wisecracks provoke no end of laughter as he portrays a mixture of a lazy beach-comber and politico who is wise to all the native angles—especially the one involving Dorothy Lamour.

PLAZA THEATRE

Binnie Barnes plays the romantic lead opposite John Howard and Brod Crawford in "Tight Shoes," now showing at the Plaza Theatre. Other leading parts in this Damon Runyon short story classic are taken by Leo Carrillo, Ed Gargan, Anne Gwynne and Shemp Howard.

YORK THEATRE

Both the old home front of the Jimmy Cagneys, on 69th Street, and the tenement in which Screenwriter John Wexley lived as a boy on 109th Street, New York, were recreated for part of the typical metropolitan background in Cagney and Ann Sheridan's co-starring film, "City for Conquest," now at the York Theatre. Wexley did the screen adaptation of the story from Novelist Ben Kandel's book. Anatole Litvak directed.

'Pat Bay' Men Awarded O.B.E.'s

L.A.C. Philip P. Conlin, 22, of Victoria and Vancouver, and L.A.C. Cecil R. James, 23, of Semans, Sask., have been awarded the Medal of the Order of the British Empire for risking their lives to save a Royal Norwegian Air Force lieutenant from almost certain death at Patricia Bay six months ago.

R.R.A.F. headquarters in Ottawa made the announcement last night.

It was the first time since the war began that members of the R.C.A.F. have received official recognition for gallantry in Canada. The two leading aircraftmen are stationed at Patricia Bay.

The awards were made on recommendation of Air Minister Power.

"On March 18 last, the two airmen, with a total disregard of their own safety, manoeuvred an 18-foot dinghy amidst the flames surrounding the wreckage of an aircraft which had crashed near the Patricia Bay air station, to rescue Lieut. Bjornbye (of the R.N.N.A.F.), who was floating unconscious in the blazes-wreath waters surrounding the wreck," the R.C.A.F. said.

"Their heroic action undoubtedly saved the life of the Norwegian officer, whose companion was killed in the crash."

L.A.C. James is a son of Ernest A. James of Semans, Sask., where he lived until his enlistment with the R.C.A.F., June 13, 1938.

Conlin was born in Hastings, England, but came to Canada when a child. He attended Lord Roberts School, Vancouver, and graduated from Vancouver College. His mother, Katharine Conlin, at present is staying in Victoria with her sister, Mrs. H. J. O'Leary, 150 Wellington Avenue. Conlin joined the R.C.A.F. in April, 1940.

THE WEATHER

VICTORIA, 3 a.m. today—The weather on the coast has been partly cloudy and mild while in the interior it has been cloudy and cool with scattered showers. On the prairies it has been partly cloudy and mild with showers in most districts. There have been strong easterly winds in southern Saskatchewan and scattered thunderstorms in southern Manitoba.

Victoria—Barometer, 29.83; temperature, max. 62, min. 51; wind, 15 miles S.W., cloudy.

Vancouver—Barometer, 29.62; temperature, max. 64, min. 53; wind, 2 miles N.E., cloudy.

Prince Rupert—Barometer, 29.82; temperature, max. 65, min. 44; wind, 2 miles N.E., cloudy.

H.M.S. Tonbridge Sunk

LONDON (CP) — The Admiralty issued this communiqué last night:

"The Board of Admiralty regrets to announce that H.M.S. Tonbridge, Lt.-Comdr. D. E. Brown, R.N.R., an auxiliary vessel, has been sunk. Next of kin of casualties have been informed."

SAILOR'S ASHES CONSIGNED TO SEA

PRINCE RUPERT (CP) — In keeping with a request that his remains be committed to the sea he loved, the ashes of the late Lachlan McLaine, 40-year-old coastal steamer officer and deep-sea sailorman, were dropped overboard in a weighted urn from the coastal steamer Camosun on her last northward run from Vancouver.

Passengers and crew assembled on the vessel's deck to attend the simple marine rites, conducted by Capt. James Watt as the vessel cruised through Hecate Strait off Rose Harbor in the Queen Charlotte Islands.

The ship's flag rode at half-mast as Capt. Watt played a Highland lament on McLaine's own bagpipes and Chief Engineer Fred Smith dropped the weighted urn into the sea.

Soundings and bearings were taken to mark the spot, and the depth was found to be 100 fathoms.

McLaine died in a Vancouver hospital August 25 after an illness of some time. Scottish-born, he had spent years as a mate with Canadian National Steamships and had served aboard Canadian Pacific liners plying the trans-Pacific route and off the China coast.

AIR BATTLESHIP TESTED IN STATES

BALTIMORE (AP) — A new experimental "air battleship," constructed for the United States navy and described as the largest flying boat ever built, was given its first static tests yesterday at the Glenn L. Martin Company factory at Middle River.

The flying boat, the XPB-2M, has not yet been taken out of the factory. The all-metal craft has a 200-foot wingspread, a two-deck hull 117 feet long, is powered by four 2,000-horsepower Wright duplex cyclone engines, and has a normal gross weight of 140,000 pounds. Its armaments are a secret, but it has six turrets.

Lost at Sea

MONTREAL (CP) — Gordon Freagard, 51, of London, managing director of A. O. Aldwinckle & Co. Ltd., British silk manufacturers, is reported lost at sea, according to a cable received here by the firm's Canadian representatives.

B.C. Conservatives State Platform

VANCOUVER—B.C. Conservatives today announced the 15-point platform of the party in this province. Winning the war and postwar unemployment are stressed as of first importance. The party pledges co-operation to the utmost with the government of Canada and the people of British Columbia in the prosecution of the war before every other consideration.

For after-war employment the party pledges to take immediate steps to provide a program of public works, such as reforestation, highways, mining trails and public buildings, and to plan and assist in hydro-electric power development, extension of markets and housing.

Co-operation of the two governments, to definitely fix the contribution by each government to work that can be provided.

To set up a central voluntary planning board and regional board representative of producers, employers and labor, the functions of which shall be to obtain full information and organize private enterprise to provide all employment possible.

To encourage in every way the development of the tourist business.

Appoint a nonpolitical highway commission responsible to the legislature, to provide modern roads in British Columbia as a war and postwar necessity.

Reconsideration with the government of Canada and the provinces of the Rowell-Sirois Report.

To eliminate the present restrictions which hamper and unreasonably interfere with the financing and development of mineral prospects.

To assist in obtaining for the man on the land a fair return for his labor; to secure for our farmers the home market first; to assist in the marketing of surplus farm products; to assist in the production under expert advice of products best suited to fill the requirements of available markets.

To remedy defects and deficiencies in administration of the Natural Products Marketing Act. To encourage industrial activity throughout the province and to give preference to the products of British Columbia's industries in all government departments.

To support a cost of living bonus to old age pensioners and reduce the age for eligibility to 65 years.

To review the administration of mothers' pensions and all similar social services and the regulations applicable thereto, with a view to eliminating unnecessary embarrassment to persons rightfully entitled thereto.

To make a more equitable redistribution of taxation as between the province and the municipalities, and particularly with respect to the cost of education in order to lessen the burden of taxation on the home and landowners.

To make the educational system more effectively prepare youth to take their places in the development of natural resources and industries.

To eliminate the constant change of text books so as to reduce materially their present high cost.

The university shall be given every encouragement to further its contribution to education and the war effort.

T. W. SIERS GETS McKEE TROPHY

OTTAWA (CP)—Air Minister Power announced last night that T. W. Siers, superintendent of maintenance for Canadian Airways Limited, has been awarded the "Trans-Canada Trophy" for 1940 "in recognition of his outstanding contribution to military and civil aviation in Canada."

The trophy is more generally known as the "McKee Trophy." It was won in 1939 by Squadron-Leader M. A. Seymour of the Royal Canadian Air Force, president of the Canadian Flying Clubs Association. It was donated by the late James Dalzell McKee of Pittsburgh as a memorial of the first transcontinental seaplane flight made in 1926 by Mr. McKee and Squadron-Leader A. E. Godfrey, now an air commodore and air officer commanding the western air command at Victoria.

Mr. Siers was chosen as 1940 winner by a selection committee of Group-Capt. W. A. Curtis, R.C.A.F.; J. A. Wilson of air services in the Department of Transport; and J. J. Green, member of the executive of the C.F.C.A.

The committee said the award was made in recognition of Mr. Siers' "outstanding contribution to military and civil aviation in Canada, and indirectly to British aviation in the development of oil dilution for aircraft engines, his accomplishment having been achieved in the face of great difficulties, and in a spirit of faith and perseverance, thus solving the most difficult problem of starting aero engines under Arctic weather conditions."

"Mr. Siers' work in this field has been a distinctive and important contribution to the British Commonwealth war effort, and in addition has greatly simplified civil air operations in all northern climates."

To eliminate the present restrictions which hamper and unreasonably interfere with the financing and development of mineral prospects.

To assist in obtaining for the man on the land a fair return for his labor; to secure for our farmers the home market first; to assist in the marketing of surplus farm products; to assist in the production under expert advice of products best suited to fill the requirements of available markets.

To remedy defects and deficiencies in administration of the Natural Products Marketing Act. To encourage industrial activity throughout the province and to give preference to the products of British Columbia's industries in all government departments.

To support a cost of living bonus to old age pensioners and reduce the age for eligibility to 65 years.

To review the administration of mothers' pensions and all similar social services and the regulations applicable thereto, with a view to eliminating unnecessary embarrassment to persons rightfully entitled thereto.

To make a more equitable redistribution of taxation as between the province and the municipalities, and particularly with respect to the cost of education in order to lessen the burden of taxation on the home and landowners.

To make the educational system more effectively prepare youth to take their places in the development of natural resources and industries.

To eliminate the constant change of text books so as to reduce materially their present high cost.

The university shall be given every encouragement to further its contribution to education and the war effort.

New York Stocks

NEW YORK (AP) — Equilibrium was the word for most markets today in the wake of the President's sea-defense warning to the Axis powers.

Commodities put on another burst of strength in the forenoon, with soybean and world sugar futures at record highs and cotton hitting a new 12-year peak. Profit selling on the recent run-up in this department was an unsettling influence at the last.

Transfers were around 550,000 shares.

Bonds emulated stocks in most divisions, with Japanese dollar loans making further response to wishful thinking afloat the possibility of Washington and Tokyo would be able to iron out some of their difficulties.

The consensus in the financial sector was that the "shoot-first" edict of Mr. Roosevelt was in line with expectations.

Among stocks, J. I. Case pushed up several points to a new year's top. In the resistant area were Deere, Oliver Farm, U.S. Steel, General Motors, Western Union, Santa Fe, Pepsi-Cola, Standard Oil (N.J.), Eastman Kodak, Johns-Manville and Sperry.

Backward occasionally were Chrysler, U.S. Rubber, Kennecott, N.Y. Central, Boeing, United Aircraft, International Nickel and Texas Corporation.

Canadian stocks were generally higher. Hiram Walkers gained 5/8. Distillers Seagram 3/4 and Canadian Pacific 3/4. Dome lost 1/4 and International Nickel was lower.

Dow Jones averages closed today as follows:

30 Industrials 127.18, up 0.03
20 Rails 29.22, off 0.10
20 Utilities 18.65, up 0.07
Total sales—\$20,000.

Sailor Called Spanish Treasure Ship 'The Spitsilver'

Queen Elizabeth one day called Drake to her presence. "The King of Spain has done our country wrong," she said. "I want you to help me take revenge."

They agreed on a daring scheme. Drake set out with five ships and 200 men. They sailed across the South Atlantic and through the Straits of Magellan. When the fleet entered the Pacific they were greeted by a storm which lasted 53 days.

Without letting this plan be known, Drake set out with five ships and 200 men. They sailed across the South Atlantic and through the Straits of Magellan. When the fleet entered the Pacific they were greeted by a storm which lasted 53 days.

The ships were scattered and never joined one another again. Only one kept to its course. That ship carried Francis Drake. It was the largest and fastest of all, and had enough cannon to bring real damage to the Spaniards along the western coast of South America.

Small Spanish settlements had been started all along the western coast of South America. The people in them did not suspect that an English ship would disturb them.

Then came Drake with his crack warship, the Golden Hind. He raided the Spanish towns and found them "easy," but the treasure gained from them was small compared to what was taken from Spanish ships. One vessel after another was captured and robbed of its contents. The most important treasure ship had a name which in English would be the Spitsilver. Twenty-six tons of silver were taken out of it. One of the sailors shouted: "That boat shouldn't be called the Spitsilver! It's the Spitsilver!"

By that time, Drake had all the treasure his ship could carry with convenience. The problem was to get it back to England. With the idea of sailing around the northern coast of North America, Drake ordered his pilot to steer along the western coast.

After going quite a distance, everyone on board began to shiver with the cold, and Drake decided to turn and sail westward across the Pacific! It was to be a voyage "round the world!"

After 68 days the Spice Islands were reached, and trading was done. Then the Golden Hind was

THIS CURIOUS WORLD

By William Ferguson

Dorothy Dix's Letter Box

DEAR MISS DIX—I have been married five years. Have a husband to whom I am perfectly devoted and a beautiful boy. All I want in life is my home, husband and children. My problem is my mother-in-law, who comes and stays several months of the year with us. It is not that I have anything against her. It is just that I want to be alone with my husband and baby and she is right under my feet, always tagging along until I could scream. I don't think I can stand it much longer and am thinking of taking the baby and going away until she leaves. Things can't go on like this much longer. I am afraid my Irish will eventually come out and I will tell her a few things. If she doesn't leave, she will cause my husband and I to separate. What must I do?

Answer—I suppose you have told your husband a million times that you would die for him, and possibly he was credulous enough to believe you. Now it seems that your love is so poor a thing it cannot even stand the test of your being bored by a tiresome visitor for a few months.

Will you stop and consider that a bit and wonder what your husband thinks of your vaunted affection and how high he rates it? It must look pretty flimsy and not to be depended on emotion to him. Just pretty words that meant nothing when put to the test.

DOROTHY DIX.

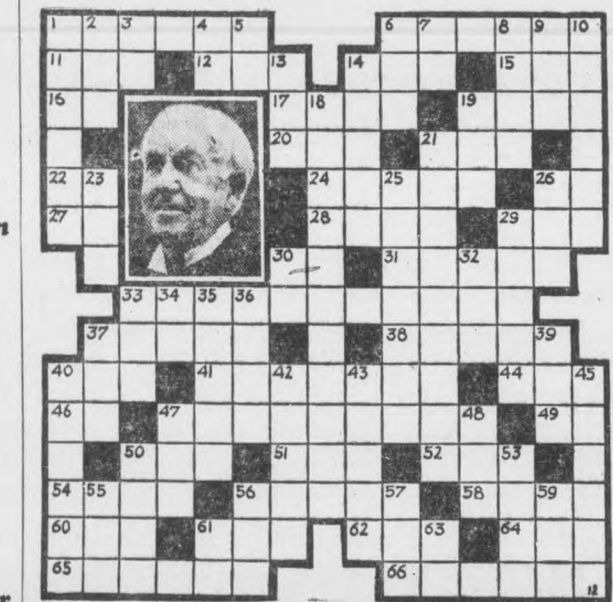

sailed across the Indian Ocean, around the Cape of Good Hope, and finally to England.

When Elizabeth heard of the return of Drake she was filled with pleasure. She made Drake a knight, and he is known in history as Sir Francis Drake.

Reconstruction Study

LONDON (CP)—Britain's Conservative and Labor parties have launched independent moves to investigate the problem of post-war reconstruction and the Liberals may create a similar committee shortly.

Pentecostal Bible Institute in City

At the 1941 conference of the British Columbia district of the Pentecostal Assemblies of Canada the opening of a Bible Institute was endorsed. The institute will be located in Glad Tidings Tabernacle, North Park Street, and will provide a theological course.

The course of study for the first year will include the following subjects:

Bible Doctrine — Salvation, Christology (humanity and authority), divine healing, baptism of the Holy Spirit.

Bible — Pentateuch, church history, Bible history and geography, dispensations, life of Christ, life of St. Paul and his missionary journeys, homiletics, pastoral theology, personal work, missions.

modern heresies, English, public speaking, child study and vacation schools, music and home nursing.

Registration has commenced for the first semester which will open on October 6, and inquiries will be welcomed by the principal, Rev. E. W. Robinson.

Night classes are also being arranged.

Already this course is attracting Christian young people from various parts of Alberta and British Columbia. All interested are invited to contact the principal.

D. W. Farmer Trial Adjourned Again

Trial of David Walter Farmer, charged under the National War Service Regulations with failing to report in compliance with instructions issued to him, was adjourned again in Saanich Police Court Thursday afternoon at the request of E. L. Tait, Saanich prosecutor.

Mr. Tait stated he had had insufficient time to give the accused proper notice under the section.

Farmer, 22, of Glyn P.O., asked the case be dismissed on the grounds the summons he had received was in error and did not state true facts. He asked the court to proceed with the case without delay. His request was overruled.

The prosecution, first of its kind in the Greater Victoria area, attracted a large gallery.

Diggon Expression To U.S. Appreciated

Harold M. Diggon, one of the pioneers of the Kiwanis Club, recently attended the annual convention of Kiwanis International in Atlanta, Georgia. Before the vast gathering he publicly thanked the United States members for their generosity and self-sacrifice in aiding the democracies in their fight against Nazi tyranny.

The expression was so well received that the editor of the Kiwanis magazine, which has a circulation of 130,000, made a full-page layout of it in the September issue, under the heading, "Canada Says Thank You!" The illustration shows a member of the R.C.A.F. standing at the salute with planes speeding overhead.

Mr. Diggon's expression of appreciation is as follows:

"At a time when the world is faced with the gravest danger, when the very foundations of democratic civilization are being threatened with destruction, we have reason for thankfulness in that we, of this splendid organization—Kiwanis International—are members of, and co-workers in, a society—whose members are citizens of two great nations pledged to fight to the last ditch for the preservation of freedom and justice for all."

CANADA'S GREAT EFFORT

"We, of the Dominion of Canada, as a unit of the British Commonwealth of Nations, are throwing our whole weight into the struggle, to the end that we may not only help our Motherland in her valiant defence, but that, in the ultimate, we may secure for ourselves and for posterity, immunity from attack by any nation or group who would, if they had their way, destroy everything: Life, liberty and the pursuit of happiness."

"As events have shown, and as they are showing, the struggle is a desperate one, and will involve sacrifices greater than any yet endured, or dreamed of. We cannot close our eyes to the fact that, unaided, and unless something short of a miracle should happen, it would be physically impossible for Britain to withstand the onslaught of a force immeasurably greater than she alone could possibly muster, and against an unscrupulous enemy devoid of all moral sense."

"I need therefore hardly emphasize how grateful we of the Dominion of Canada, and indeed of the entire British Commonwealth are to United States of America for her generosity and self-sacrifice in placing the whole weight of her material and moral sup-

HAROLD M. DIGGON

port at the disposal of the democracies. The situation which at the present moment is perilous in the extreme, permits of no delay. It means that nothing should be allowed to stand in the way of producing and delivering the foodstuffs and implements of war so vital to the common cause—indeed to the very existence of Britain and other democratic nations throughout the world.

AMERICAN ZEAL

"I am aware that your President made the candid admission that the element of self-preservation entered into his country's momentous decisions. Yet, knowing his people as I do, and judging by his noble utterances, I believe that, deep down in the heart of every true American, there is that burning zeal for the cause of freedom which will never allow considerations of personal safety to stand in the way of lending assistance to democratic nations whose freedom is assailed."

"Therefore, as a British citizen, as a Canadian, and as a Kiwanian, and speaking for all who owe the same allegiance, I say: Please accept our gratitude, not only for help already given, but for the ever-increasing and expanding measure of assistance you will surely give in the future."

Mr. Diggon has just been notified by Kiwanis International that he has been appointed chairman of the public affairs committee for Canada of the organization. He held this position 10 years ago and it is seldom that the post comes to a western man. Besides this post Mr. Diggon has been a governor of the Pacific Northwest District of Kiwanis.

Draws Fine of \$50

The minimum fine of \$50 was assessed against Alfred Nelson Goodwin by Magistrate H. C. Hall in Saanich Police Court Thursday afternoon following his plea of guilty to a charge of retaining possession of goods not properly imported into Canada.

The article in question was a recording machine of approximately \$200 value, brought into Victoria by Victor Little, who failed to pay duty on the equipment.

Carew Martin, appearing for Goodwin, asked the minimum penalty on the grounds his client enjoyed a good character and had no previous convictions.

Harold Beckwith appeared for the customs authorities.

DAD IS GENERAL—His father is chief of the general staff of the Canadian army, but Peter Crerar is "Pete" to fellow privates at the basic training centre, Brantford. Son of Major-Gen. H. D. G. Crerar, he's a classic example of the army's policy of granting no commissions unless time has been served in the ranks.

Second Victory For Hutchinson

A lot of folks who thought that Eric McNair, veteran American League baseball campaigner, was washed up on the big time a couple of months ago after his release by Detroit Tigers to Buffalo of the International League, may be in for a surprise next spring. The 31-year-old infielder seems to have discovered the fountain of youth.

McNair was hitting below .200 with the Tigers when he was sent down to replace Dutch Meyer at second base for the Bisons. He wound up with a .357 average for the 60 games he played in the International League.

Last night the second baseman supplied most of the offensive strength in giving Buffalo a 10-inning, 7-to-6 victory over Montreal and a 2 to 1 lead in the best-of-seven semifinal series. McNair poled a homer, double, and two singles in five trips.

Freddy Hutchinson, who pitched the Bisons to victory in the opening game of the series, relieved Floyd Giebel in the eighth to notch his second victory.

In the other half of the semifinals, Rochester Red Wings won their first game in three with Newark Bears 2 to 0 behind Clem Dreisewerd's hurling.

Will Start Sunday

Play for the Uplands Cup will commence on Sunday at the Uplands Golf Club with the first round in the 36-hole medal play event. Second round being played the following Sunday.

Full handicap will be allowed and post entries will be accepted. Draw for the first round follows:

8.00—C. Thomas, C. E. Revercomb, J. D. Ferguson and Dr. D. A. McInnes.

8.05—J. H. Sledge, S. C. Terrie, W. R. Menzies and M. Bevan.

8.10—R. Patrick, A. Dowell, L. Nelson and L. W. Greenslade.

8.15—Alan Riches, Russell Ard, R. Williams and A. E. Irish.

8.20—C. F. Smith, W. G. More, Fred Smith and E. Badminton.

8.45—L. J. Hibbertson, A. E. Lea, Wm. Allen and J. R. Hibbertson.

8.50—H. Barnes, W. J. Twitcheil, B. E. Porritt and N. G. Florence.

8.55—R. A. Phillips, E. Jackson, A. L. MacKenzie and J. B. Shaw.

9.00—R. Garton, J. F. Dawson, E. Shadbolt and A. D. Drummond.

9.05—Trenholm Dickson, A. R. McMillan and W. H. Miller Jr.

9.10—Wm. Harker, R. Laird and W. S. Kirkpatrick.

9.15—D. Fletcher, A. Woodcroft, R. W. Watson and Hugh McKenzie.

K.V.'S TO PRACTICE

K.V.'s basketball teams will commence practice on Monday and Tuesday evenings at the Memorial Hall. Monday night at 6.30 the intermediate B boys will commence their workouts with Paul Beere as coach, assisted by Harold Turner. The following evening the intermediate A boys will work out at the same hall, commencing at 7.

PACK UP MACLEANS IN YOUR OLD KIT BAG

and SMILE! SMILE! SMILE!

"Over there" his buddies are loud in praises of Macleans Peroxide Tooth Paste. No wonder: years of research by the Maclean Laboratories of London, England, have resulted in this modern, multiple action dentifrice.

Macleans contains no harsh abrasives, yet Macleans teeth to a new, sparkling whiteness. It neutralizes mouth acids—disinfects tissues—purifies and sweetens the breath!

Dodgers Sitting Pretty

Farms Start Producing

NEW YORK (AP)—Larry MacPhail has purchased a baseball pennant (well, maybe) for Brooklyn this year by shopping around at the better places and not quibbling over price, but the days when he must resort to this free-handed spending are numbered.

From here on the Dodgers are going to pluck the peaches from their own trees. It's taken about three years to do it, but MacPhail now has his minor league orchards to the producing stage, and about 10 young men are ready to make the jump to the big show next year.

When MacPhail came to Brooklyn the Dodgers owned only one minor league club and now his farm organization includes outright ownership of six minor clubs and agreements with a half-dozen more.

Five of his clubs won pennants this year, three finished second, two finished third and two fifth.

The organization goes beyond the minor leagues, however. It starts right on the sandlots. This summer about 1,600 young fellows attended the regular tryouts at Ebbets Field, and starting September 20 at Wichita, Kas., a series of five baseball schools will be held.

Fifteen lads uncovered at similar schools last year still are in the Brooklyn organization,

which shows MacPhail has material lined up for years to come through his perpetual motion system.

Champion on Canvas

WASHINGTON (AP)—Chalky Wright, tough little Los Angeles negro, knocked out Joey Archibald in the 11th round of a scheduled 15-round fight last night to gain the world featherweight crown as recognized in New York and Maryland.

Wright floored Archibald for the count with a left hook and a terrific straight right to the jaw after 54 seconds of the 11th frame. The Californian was far out in front on points at the time. Each boy weighed 124 pounds.

Wins Golf Medal

Posting a score of 97, Mrs. R. Bramley won medal honors in the women's B class championship at the Uplands Golf Club yesterday. With scores of 101, Mrs. C. E. Ley, Mrs. D. Fletcher and Mrs. J. F. Dawson tied for runner-up. Others who qualified were: Miss M. Jones, Mrs. G. S. Waller, Mrs. F. B. Shore and Mrs. A. Herbert. Match play started today.

Mrs. Page Women's Golf Favorite

BROOKLINE, Mass. (AP)—With a victory in each bracket, the south took a firmer grip yesterday on the women's United States amateur golfing crown—a title southern golfers have dominated for three of the last four years.

The south's strongest title claimant appeared to be Mrs. Estelle Lawson Page of Greensboro, N.C., the 1937 champion, who became a semifinalist for the third time in five years by defeating Janet Younker of White Plains, N.Y., 5 and 4 in yesterday's quarterfinal play at the country club.

In the upper half, Mrs. Frank Goldthwaite of Fort Worth, Tex., outfought Mrs. Sylvia Annenberg Lechner of Flushing, N.Y., the persistent metropolitan titlist, in a 19-hole match.

The east and west could not miss sharing the other triumphs for sectional rivals were forced to compete against each other.

As a result, Helen Sigel of Philadelphia moved against Mrs. Goldthwaite after gaining a 1-up victory over Mrs. Reinert M. Torgerson of Great Neck, N.Y., and Mrs. Betty Hicks Newell of Long Beach, Calif., drew Mrs. Page, after besting Clara Callender of Pasadena, Calif., a 1940 semifinalist, 2 and 1.

Reconsecration Week

SEPTEMBER 10th to 17th, 1941

During which time the people of Canada are urged to reconsecrate themselves to greater service to their Country, to decorate their homes and communities with flags and bunting and to come to a full realization of the significance of the accompanying pledge, which is to be read at public meetings and placed in the homes of all the people.

RECONSECRATION PLEDGE

At this time of peril for my Country, in this fight against the evil powers which threaten to engulf the world, conscious of my duty towards Canada and towards my fellow man, I solemnly pledge before Almighty God that I shall do all that lies within my power and deem no sacrifice too great, to bring about victory of our arms, that right may triumph, that justice may prevail and that a righteous peace may reign throughout the world; to this end I reconsecrate myself, with faith, with courage and with the knowledge that, though the path be hard and the day be dark our effort can not fail.

SEPTEMBER, 1941.

RECONSECRATION WEEK RADIO ADDRESSES

Thursday, September 11th	Monday, September 15th
7.45—8.00 p.m.	8.00—8.45 p.m.
